

## INSIDER TRADING SUMMARY

1. This summary starts with each insider's last insider trading report as of July 31, 2002. All other insider trading data, before this report was published, is available through the security commissions and the usual public sources.
2. All data set forth in this summary is provided to the corporation by the individual insider. The insider is responsible to provide the data to the corporation within the time frame that the security commissions have set out.
3. DRIP Purchases can be reported yearly at the end of each year if they are not sold before then.
4. All transactions prior to May 27, 2005 are adjusted for a 2:1 unit split.
