PEYTO EXPLORATION & DEVELOPMENT CORP.

Notice of Annual and Special Meeting of Shareholders

to be held on May 22, 2025

The annual and special meeting of the shareholders of Peyto Exploration & Development Corp. (the "**Corporation**") will be held at the offices of the Corporation, located at +15 Level, 600 – 3rd Avenue SW, Calgary, Alberta T2P 0G5, on Thursday, May 22, 2025, at 3:00 p.m. (Calgary time) to:

1. receive and consider the Corporation's financial statements for the year ended December 31, 2024, together with the auditors' report thereon;
2. fix the number of directors of the Corporation to be elected at the meeting at nine (9);
3. elect nine (9) directors of the Corporation;
4. appoint the auditors and authorize the directors to fix their remuneration as such;
5. consider and, if thought appropriate, to approve a non-binding advisory resolution to accept the Corporation's approach to executive compensation;
6. consider and, if thought appropriate, to approve an ordinary resolution, the full text of which is set forth in the information circular, to ratify the total shareholder return rights plan of the Corporation;
7. transact such other business as may properly be brought before the meeting or any adjournment thereof.

The specific details of the matters proposed to be put before the meeting are set forth in the accompanying Information Circular.

The Corporation requests that you date and sign the enclosed form of proxy and mail it to or deposit it with Computershare, (i) by mail using the enclosed return envelope or (ii) by hand delivery to Computershare, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1. Alternatively, a shareholder may vote by telephone at 1-866-732-VOTE (8683) (toll free within North America) or 1-312-588-4290 (outside North America), by facsimile to 1-866-249-7775 or 1-416-263-9524 (if outside North America) or by internet using the 15 digit control number located at the bottom of your proxy at www.investorvote.com. All instructions are listed in the enclosed form of proxy. Your proxy or voting instructions must be received no later than 3:00 p.m. (Calgary time) on May 20, 2025, or, if the meeting is adjourned, 48 hours (excluding Saturdays, Sundays and holidays) before the beginning of any adjournment of the meeting.

Only shareholders of record at the close of business on April 2, 2025, will be entitled to vote at the meeting, unless a shareholder has transferred any common shares subsequent to that date and the transferee shareholder, not later than 10 days before the meeting, establishes ownership of the common shares and demands that the transferee's name be included on the list of shareholders.

DATED at Calgary, Alberta this 2nd day of April, 2025.

By order of the Board of Directors of
Peyto Exploration & Development Corp.

(signed) "*Jean-Paul Lachance*"
President and Chief Executive Officer

PEYTO EXPLORATION & DEVELOPMENT CORP.

Information Circular – Proxy Statement
for the Annual and Special Meeting to be held on May 22, 2025

PROXIES

Solicitation of Proxies

This information circular – proxy statement is furnished in connection with the solicitation of proxies for use at the annual and special meeting of the shareholders of Peyto Exploration & Development Corp. ("**Peyto**" or the "**Corporation**") to be held on Thursday, May 22, 2025, at 3:00 p.m. (Calgary time) at the offices of the Corporation, located at +15 Level, 600 – 3rd Avenue SW, Calgary, Alberta T2P 0G5, and at any adjournment thereof. The Corporation requests that a shareholder date and sign the enclosed form of proxy and mail it to or deposit it with Computershare, (i) by mail using the enclosed return envelope or (ii) by hand delivery to Computershare, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1. Alternatively, a shareholder may vote by telephone at 1-866-732-VOTE (8683) (toll free within North America) or 1-312-588-4290 (outside North America), by facsimile to 1-866-249-7775 or 1-416-263-9524 (if outside North America) or by internet using the 15 digit control number located at the bottom of the shareholder's proxy at www.investorvote.com. All instructions are listed in the enclosed form of proxy. A shareholder's proxy or voting instructions must be received no later than 3:00 p.m. (Calgary time) on May 20, 2025, or, if the meeting is adjourned, 48 hours (excluding Saturdays, Sundays and holidays) before the beginning of any adjournment of the meeting. Only shareholders of record at the close of business on April 2, 2025, will be entitled to vote at the meeting, unless a shareholder has transferred any common shares subsequent to that date and the transferee shareholder, not later than 10 days before the meeting, establishes ownership of the common shares and demands that the transferee's name be included on the list of shareholders.

The instrument appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation.

The persons named in the enclosed form of proxy are officers of the Corporation. **As a shareholder, you have the right to appoint a person, who need not be a shareholder, to represent you at the meeting. To exercise this right, you should insert the name of the desired representative in the blank space provided on the form of proxy and strike out the other names of the nominees of management.**

Following the meeting, the Corporation is planning to provide a brief presentation by management.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to you if you do not hold your common shares in your own name. Only proxies deposited by shareholders whose names appear on the Corporation's records as the registered holders of common shares can be recognized and acted upon at the meeting. If common shares are listed in an account statement provided by your broker, then in almost all cases those common shares will not be registered in your name on the Corporation's records. Such common shares will likely be registered under the name of your broker or an agent of that broker. In Canada, the vast majority of such common shares are registered under the name of CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms. Common shares held by your broker or their nominee can only be voted upon your instructions. Without specific instructions, your broker or their nominee is prohibited from voting your common shares.

Applicable regulatory policy requires your broker to seek voting instructions from you in advance of the meeting. Every broker has its own mailing procedures and provides its own return instructions, which you should carefully follow in order to ensure that your common shares are voted at the meeting. Often, the form of proxy supplied by your broker is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on your behalf. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge mails a scannable voting instruction form in lieu of the form of proxy. You are asked to complete and return the voting instruction form to them by mail or facsimile. Alternatively, you can call their toll-free telephone number or visit their internet site to vote your common shares. They then tabulate the results of all instructions received and provide appropriate instructions respecting

the voting of common shares to be represented at the meeting. **If you receive a voting instruction form from Broadridge it cannot be used as a proxy to vote common shares directly at the meeting as the proxy must be returned to Broadridge well in advance of the meeting in order to have the common shares voted.** If you receive a voting instruction form from a mailing/tabulating agent, it cannot be used as a proxy to vote shares directly at the meeting as it must be returned to the mailing/tabulating agent well in advance of the meeting in order to have the shares vote.

Peyto may utilize Broadridge's QuickVote™ service to assist eligible beneficial holders of common shares that are "non-objecting beneficial owners" with voting their shares over the telephone. Certain beneficial holders of common shares who are non-objecting beneficial owners may be contacted by Laurel Hill Advisory Group ("**Laurel Hill**"), which is soliciting proxies on behalf of the management of Peyto, to conveniently obtain a vote directly over the telephone.

Notice-And-Access

Peyto has elected to use the "notice-and-access" provisions (the "**Notice-and-Access Provisions**") under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") for the meeting in respect of the mailing of the Corporation's meeting materials, annual financial statements and management's discussion and analysis to the beneficial holders of common shares (i.e., a shareholder who holds their shares in the name of a broker or an agent) but not in respect of mailings to registered holders of the common shares (i.e., a shareholder whose name appears on the Corporation's records as a holder of common shares). The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders by allowing a reporting issuer to post its information circular in respect of a meeting of its shareholders and related materials online.

Peyto has also elected to use procedures known as "stratification" in relation to the Corporation's use of the Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of an information circular and, if applicable, a paper copy of financial statements and related management's discussion and analysis ("**Financial Information**"), to some shareholders together with a notice of a meeting of its shareholders. In relation to the meeting, registered holders of the common shares will receive a paper copy of the notice of the meeting, this information circular – proxy statement and a form of proxy and the Corporation's financial statements and related management's discussion and analysis whereas all beneficial holders of common shares will receive a notice containing information prescribed by the Notice-and-Access Provisions and a voting instruction form. Peyto intends to pay for intermediaries to deliver proxy-related materials to objecting beneficial owners of common shares. Furthermore, a paper copy of the Financial Information in respect of the Corporation's most recently completed financial year was mailed to those registered and beneficial holders of common shares who previously requested to receive such information.

Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you or the person you give your proxy to attends personally at the meeting, you or such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a corporation, under your corporate seal or by a duly authorized officer or attorney of the corporation. To be effective the instrument in writing must be deposited either at the Corporation's head office at any time up to and including the last business day before the day of the meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the meeting on the day of the meeting, or any adjournment thereof.

Persons Making the Solicitation

This solicitation is made on behalf of the management of the Corporation. Pursuant to NI 54-101, arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy-related materials to the beneficial owners of the common shares. The Corporation will bear the costs incurred in the preparation and mailing of the form of proxy, notice of annual and special meeting and this information circular – proxy statement. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by the Corporation's directors, officers and employees who will not be remunerated therefor.

Laurel Hill has been retained as the Corporation's proxy solicitation agent and shareholder communications advisor to assist with corporate governance advisory services and communicating with shareholders. In connection with these services, Laurel Hill will receive a fee of \$47,500, plus out-of-pocket expenses. The

Corporation will bear all costs of this solicitation. The Corporation has arranged for intermediaries to forward the meeting materials to beneficial owners of the common shares held of record by those intermediaries and the Corporation may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Exercise of Discretion by Proxy

The common shares represented by the form of proxy in favour of management nominees will be voted on any poll at the meeting. Where you specify a choice with respect to any matter to be acted upon, the common shares will be voted on any poll in accordance with the specification so made. If no direction is given, your common shares will be voted in favour of the matters to be acted upon as set out herein. The persons appointed under the form of proxy which we have furnished are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and notice of annual and special meeting and with respect to any other matters which may properly be brought before the meeting or any adjournment thereof. At the time of printing this information circular – proxy statement, we know of no such amendment, variation or other matter.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of common shares. As at April 2, 2025, there were 199,030,357 common shares issued and outstanding. As a holder of common shares, you are entitled to one vote for each common share you own.

To the knowledge of the Corporation's directors and officers, as at April 2, 2025, no person or company beneficially owned or controlled or directed, directly or indirectly, more than 10% of the common shares which may be cast at the meeting.

As at April 2, 2025, the Corporation's directors and officers, as a group, beneficially owned or controlled or directed, directly or indirectly, approximately 6.3 million common shares or approximately 3.2% of the issued and outstanding common shares.

QUORUM FOR MEETING

A quorum for the meeting is two or more persons either present in person or represented by proxy and representing in the aggregate not less than 25% of the Corporation's outstanding common shares. If a quorum is not present at the meeting within one-half hour after the time fixed for the holding of the meeting, the meeting will be adjourned to such day being not less than 21 days later and to such place and time as may be determined by the chairman of the meeting. At such meeting, the shareholders present either personally or by proxy shall form a quorum.

APPROVAL REQUIREMENT

All of the matters to be considered at the meeting are ordinary resolutions requiring approval by more than 50% of the votes cast in respect of the resolution by or on behalf of shareholders present in person or represented by proxy at the meeting. The vote on our approach to executive compensation is advisory and the results will not be binding on the board of directors (the "**Board**") of the Corporation.

MATTERS TO BE ACTED UPON AT THE MEETING

Election of Directors

At the meeting, the shareholders will be asked to fix the number of directors of the Corporation to be elected at the meeting at nine (9) and to elect nine (9) directors.

Management is soliciting proxies, in the accompanying form of proxy, for an ordinary resolution in favour of fixing the Board at nine (9) members, and in favour of the election as directors, until the next annual meeting of shareholders of the Corporation, of the nine (9) nominees set forth below:

Donald Gray
Michael MacBean
Brian Davis
Darren Gee
Jean-Paul Lachance
Jocelyn McMinn
John W. Rossall
Debra Gerlach
Nicki Stevens

All of the current directors are standing for re-election as directors of the Corporation at the Meeting.

In the event that a vacancy among such nominees occurs because of death or for any reason prior to the meeting, the proxy shall not be voted with respect to such vacancy. At the 2024 annual meeting of shareholders of the Corporation, the resolution fixing the number of directors to be elected at the meeting was passed with 97,830,539 common shares voted in favour (99.3% of the common shares voted at the meeting).

The form of proxy provided by management of the Corporation accompanying this information circular – proxy statement provides for individual voting on directors rather than slate voting.

As described below under "*Majority Voting for Directors*", the election of each individual director of the Corporation will be effected by an ordinary resolution requiring the approval of more than 50% of the votes cast in respect of the resolution by or on behalf of shareholders present in person or represented by proxy at the meeting. It is the intention of the persons named in the enclosed form of proxy, if named as proxy and not expressly directed to the contrary in the form of proxy, to vote those proxies FOR the election of each of the persons specified above.

At the 2024 annual meeting, all director nominees were successfully elected to the board.

As part of the Corporation's continued shareholder engagement efforts, members of management and the Board have reached out to many of the Corporation's shareholders, including its largest shareholders, to solicit feedback in order to better understand their concerns. In advance of the Corporation's 2023 annual meeting, the Corporation announced its commitment to increase the percentage of female directors on the Board to 30% for the 2024 annual meeting of Peyto shareholders. The directors of Peyto also reaffirmed their commitment to continuing their active engagement and contributions to Peyto and all committed to attend substantially all meetings of the board and in any case not less than 75% of all board and committee meetings as well as providing increased transparency in future meeting materials regarding these contributions.

In 2023, the Board committed to increasing the percentage of female directors on the Board to 30% for the 2024 annual meeting of Peyto shareholders. As set forth herein, the Board of Peyto is now comprised of three (3) female directors, one of which (being Jocelyn McMinn) is a citizen of the Métis Nation of Alberta, and accordingly female directors now represent 33.3% of all directors (including the directors proposed for election at the Meeting) demonstrating Peyto's continued commitment to Board diversity and inclusion. Furthermore, as set forth in the director attendance records below, all Board members attended 100% of the Board and applicable committee meetings in 2024, further demonstrating the Board's commitment to its stated objectives.

The Board understands and appreciates the concerns that have been raised thus far and will continue to monitor the effectiveness and commitments of all directors and the Board's stated commitments. Should the Board's effectiveness decline for any reason, the Nominating Committee and the Board will discuss the issues and address as necessary.

Directors' Biographies

The following information relating to the director nominees is based partly on the Corporation's records and partly on information received by the Corporation from the nominees and sets forth the names, ages and cities of residence of the proposed nominees, their committee memberships, the date on which each became a director of the Corporation (as applicable), the present occupations and brief biographies of such persons and the number of common shares owned, controlled or directed by each as at April 2, 2025.

John W. Rossall Calgary, Alberta	64	May 2019	144,820
--------------------------------------------	----	----------	---------

Director Independent Mr. Rossall is currently a corporate director and is a board member of Tundra Oil & Gas Ltd., a private oil and gas company.

Mr. Rossall joined the Peyto Board in 2019. He was previously the Executive Director, North America of Repsol SA from May 2015 to July 2018, and the Senior Vice President, Canada at Talisman Energy Inc. from Sept. 2012 to May 2015. Prior thereto, Mr. Rossall was the President and Chief Executive Officer of ProspEx Resources Ltd. and Vice President, North Business Unit of Burlington Resources Canada Ltd. (formerly Canadian Hunter Exploration Ltd.).

Mr. Rossall has also served on the board of directors of the Canadian Association of Petroleum Producers, and the United Way of Calgary and Area, including terms as the Chair of both organizations. During his term at the United Way Mr. Rossall was directly involved in the development and implementation of both an Indigenous Strategy and a Diversity, Equity and Inclusion Strategy and has significant skills in these areas. By virtue of his chemical engineering training and experience, and his work with the Creative Destruction Lab – Rockies Energy program, Mr. Rossall also has significant climate skills.

Mr. Rossall earned a Bachelor of Applied Science (Chemical Engineering) degree from the University of Waterloo and attended the Harvard Business School (Program for Management Development). Mr. Rossall is a professional engineer and a member of APEGA.

Jocelyn McMinn
Calgary, Alberta

39 June 2023

12,610

Director
Independent

Ms. McMinn is currently the Executive Vice President at Peloton Computer Enterprises Ltd., working closely with the COO and CEO to lead global business operations and corporate strategy. As a leader at Peloton, Ms. McMinn is a resource for cybersecurity best practices and remains knowledgeable of changing industry requirements. From 2021 to 2022, Ms. McMinn held the role of Product Manager, Peloton Frac, where she was responsible for all operational, financial and strategic aspects of the Peloton Frac division. Ms. McMinn cofounded Cevian Technologies Ltd. in 2019 and served as Managing Director until Cevian's acquisition by Peloton in 2021. From 2003 to 2019, Ms. McMinn held progressively advancing technical and managerial roles, first in Fracturing and then directing all engineering divisions at Trican Well Service Ltd. Ms. McMinn is a Professional Engineer, holds a BSc. in Mechanical Engineering from the University of Alberta, an eMBA from Haskayne School of Business, and a Chartered Directors Designation from McMaster University. Ms. McMinn has been awarded Hart Energy's top 40 under 40 and the Daily Oil Bulletin's Rising Stars Class of 2020. Ms. McMinn is a citizen of the Métis Nation of Alberta.

Nicki Stevens
Calgary, Alberta

55 October 2023

13,590

Director
Independent

Ms. Stevens is currently Vice President of Operations for Enhance Energy Inc., a company focused on CO2 sequestration supporting enhanced oil production in central Alberta. Previously she was Senior Vice President of Production, Marketing and ESG at Hammerhead Energy, until it was acquired in December 2023. Ms. Stevens has over 30 years of experience and prior to her role at Hammerhead, held various technical and leadership roles for Talisman Energy and Chevron Canada, focused on oil and gas development in the WCSB. Ms. Stevens has led teams responsible for exploitation, production optimization, safety, and ESG performance. Ms. Stevens also served as a member of the Board of Governors for The Explorers and Producers Association of Canada (EPAC) until December 2023. Ms. Stevens is a Professional Engineer with the Association of Professional Engineers and Geoscientists of Alberta (APEGA) and holds a Bachelor of Science degree in Mechanical Engineering from the University of Alberta.

Advance Notice Provisions

The Corporation has adopted by-laws (the "**By-laws**") which contain advance notice provisions regarding advance notice of nominations of directors of the Corporation (the "**Advance Notice Provisions**"). The Advance Notice Provisions provide that advance notice to the Corporation must be made in circumstances where nominations of persons for election to the Board are made by shareholders other than pursuant to: (a) a "proposal" made in accordance with the ABCA; or (b) a requisition of a meeting made pursuant to the ABCA.

The Advance Notice Provisions fix a deadline by which shareholders must submit director nominations to the Chief Financial Officer of the Corporation prior to any annual or special meeting of shareholders and outlines the specific information that a nominating shareholder must include in the written notice to the Chief Financial Officer of the Corporation for an effective nomination to occur. No person nominated by a shareholder will be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of the Advance Notice Provisions.

In the case of an annual meeting of shareholders, notice to the Chief Financial Officer of the Corporation must be made not less than 30 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the 10th day following such public announcement. In the case of a special meeting of shareholders (which is not also an annual meeting), notice to the

Corporation must be made not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting was made.

If Notice-and-Access Provisions are used for delivery of proxy related materials in respect of a meeting described above and the notice date in respect of the meeting is not less than 50 days before the date of the applicable meeting, the notice must be received not later than the close of business on the 40th day before the date of the applicable meeting.

In the event of an adjournment or postponement of an annual meeting or special meeting of shareholders or any announcement thereof, a new time period shall commence for the giving of timely notice.

The Board may, in its sole discretion, waive any requirement of the Advance Notice Provisions of the By-laws.

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Other than as disclosed below, no proposed director is, as at the date hereof, or has been, within the 10 years before the date hereof, a director, chief executive officer or chief financial officer of any company that: (i) while such person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation for a period of more than 30 consecutive days; (ii) was subject to an event that resulted, after the director, chief executive officer or chief financial officer ceased to be a director, chief executive officer or chief financial officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company any exemption under securities legislation, for a period of more than 30 consecutive days; or (iii) while such person was acting in that capacity, or within a year of such person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Mr. Darren Gee, a director and former Chief Executive Officer of Peyto, was a director of Endurance Energy Ltd. ("**Endurance**"), a private corporation engaged in the exploration and production of natural gas. Mr. Gee resigned as a director of Endurance on September 1, 2015. Nine months after Mr. Gee's resignation, Endurance filed for creditor protection under the *Companies Creditors' Arrangement Act* on May 30, 2016.

No proposed director (or any personal holding company of such person) has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority or any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in making an investment decision.

Personal Bankruptcies

No proposed director (or any personal holding company of such person), has, within the 10 years preceding the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Majority Voting for Directors

The Board has adopted a policy stipulating that if the number of common shares voted in favour of the election of a particular director nominee at a shareholders' meeting is less than the number of common shares voted and withheld from voting for that nominee, the nominee will submit their resignation to the Board within five days of the meeting, with the resignation to take effect upon acceptance by the Board. The Nominating Committee will consider the director nominee's offer to resign and will make a recommendation to the Board as to whether or not to accept the resignation. The Nominating Committee will be expected to accept the resignation except in special circumstances requiring the applicable director to continue to serve on the Board. In considering whether or not to accept the resignation, the Nominating Committee will consider all factors that it deems relevant including, without limitation, the stated reasons why shareholders "withheld" votes from the election of that nominee, the existing Board composition, the length of service and the qualifications of the director whose resignation has been tendered, the director's contributions to the Corporation and attendance at previous meetings, the Corporation's compensation and nominating policies and such other skills and qualities as the Nominating Committee deems to be relevant.

The Board will consider the Nominating Committee's recommendation and make a decision as to whether to accept the director's offer to resign within 90 days of the date of the meeting, which it will announce by way of a press release, which will be provided to the TSX, including, if the Board elects, the reasons for rejecting the resignation offer. In considering whether to accept the director's offer of resignation, the Board will consider the factors considered by the Nominating Committee and such additional factors it considers to be relevant. No director who is required to tender their resignation shall participate in the deliberations or recommendations of the Nominating Committee or the Board. The Board shall accept the resignation absent any exceptional circumstances.

If a director's offer of resignation is accepted, subject to any corporate law restrictions, the Board may leave the resultant vacancy unfilled until the next annual general meeting. Alternatively, at the Board's discretion, it may fill the vacancy through the appointment of a new director whom the Board considers appropriate or it may call a special meeting of shareholders at which there will be presented nominees supported by the Board to fill the vacant position or positions. The foregoing policy does not apply in circumstances involving contested director elections.

Risk Oversight by the Board

The Board must have a good understanding of the principal risks the Corporation faces in its business in order to provide proper oversight and guidance to management. Management must be diligent about identifying all of the Corporation's principal risks, establishing appropriate risk management practices and implementing an appropriate system to manage risks effectively to support our long-term viability.

The Board reviews and assesses the following as part of its risk oversight duties:

- the material risks that affect the Corporation's strategic plan;
- how Peyto's compensation structure affects risk-taking behaviour;
- the Corporation's risk appetite and tolerance; and
- talent management and succession planning.

The Board also oversees management's system of controls either directly or through its committees:

- the integrity of the Corporation's internal controls over financial reporting, disclosure controls and management information systems;
- compliance with significant policies and procedures for the Corporation's operations;
- compliance with the laws and regulations that apply to Peyto;
- the health of the Corporation's corporate documents and records in terms of them being properly prepared, approved and maintained; and
- the structure and integrity of Peyto's health, safety and environmental programs to achieve expectations.

Appointment of Auditors

Management is soliciting proxies, in the accompanying form of proxy, in favour of the appointment of the firm of Deloitte LLP, Chartered Professional Accountants, as the Corporation's auditors, to hold office until the next annual meeting of the shareholders and to authorize the directors to fix their remuneration as such. Deloitte LLP was first appointed auditors of the Corporation's predecessor, Peyto Energy Trust, on June 3, 2004. At the 2024 annual meeting of shareholders of the Corporation, this resolution was passed with 94,988,649 common shares voted in favour (96.41% of the common shares voted at the meeting).

It is the intention of the persons named in the enclosed form of proxy, if named as proxy and not expressly directed to the contrary in the form of proxy, to vote those proxies FOR the appointment of auditors.

Advisory Vote on Executive Compensation

The underlying principle for executive compensation at the Corporation is "pay-for-performance". Management of the Corporation believes that this philosophy achieves the goal of attracting and retaining excellent employees and executive officers, while rewarding the demonstrated behaviors that reinforce our values and help us to deliver on our corporate

objectives. For a detailed discussion of our executive compensation program, see "*Statement of Executive Compensation*".

After monitoring developments and emerging trends in the practice of holding advisory votes on executive compensation (commonly referred to as "Say-on-Pay"), the Board, as a part of our commitment to corporate governance, has determined to provide shareholders with a "Say-on-Pay" advisory vote at the meeting. The Board believes that it is essential for the shareholders to be well informed of the Corporation's approach to executive compensation and considers this advisory vote to be an integral component of the ongoing process of engagement between the shareholders and the Board.

At the meeting, shareholders will have an opportunity to vote on our approach to executive compensation through consideration of the following advisory resolution:

"BE IT RESOLVED, on an advisory basis and not to diminish the role and responsibilities of the board of directors of Peyto Exploration & Development Corp. ("**Peyto**"), that the shareholders accept Peyto's approach to executive compensation as more particularly disclosed in the information circular – proxy statement of Peyto dated April 2, 2025."

It is the intention of the persons named in the enclosed form of proxy, if named as proxy and not expressly directed to the contrary in the form of proxy, to vote those proxies FOR the advisory vote on executive compensation.

As this is an advisory vote, the results will not be binding upon the Board. However, the Compensation Committee and the Board will consider the outcome of the vote as part of its ongoing review of the Corporation's approach to executive compensation. We will disclose the results of the shareholder advisory vote as part of our report of voting results to be filed on SEDAR+ following the meeting.

In the event that the advisory resolution is not approved by a majority of the votes cast at the meeting, the Board will take measures to understand the concerns of shareholders and will review the Corporation's approach to compensation going forward within the context of those concerns.

At last year's annual meeting, shareholders of the Corporation voted 91.99% in favour of Peyto's approach to executive compensation.

Approval of Total Shareholder Return Rights Plan

Approval of the Total Shareholder Return Rights Plan

The Board, with guidance from the Compensation Committee, is, among other things, tasked with the establishment and maintenance of an overall compensation plan that attracts, rewards and retains talented people that will foster continued operational excellence and strong shareholder returns. Peyto's compensation policies have historically been skewed towards paying for performance and this focus has not changed.

In recent years, investors, particularly in the energy industry, have shifted their focus from growth to total shareholder returns. This change has resulted in many oil and gas companies becoming more disciplined with their capital expenditures and distributing excess cash flow to shareholders by way of dividends and/or share buybacks. During its 26 years of operations, Peyto has always been judicious in its allocation of shareholders' capital. The Peyto team, through its low-cost and efficient deployment of capital, has built a high-quality asset base that, in combination with its marketing and diversification programs, has allowed Peyto to distribute excess cash flow to shareholders via dividends, which has become a more important component of the Corporation's total shareholder return in recent years.

As a result of the shift in focus from growth to total shareholder returns, many public dividend paying companies have adjusted the payments made pursuant to their equity-based compensation plans to take into consideration dividends paid to shareholders. In designing a new long-term incentive plan, the Board and the Compensation Committee wanted to capture the concept of total shareholder returns, which includes both share price appreciation and dividends paid to shareholders. The Board engaged Hugessen Consulting Inc. ("**Hugessen**") to assist with the development of the new long-term incentive plan. The Board must pre-approve any additional services Hugessen may provide. See "*Statement*

of Executive Compensation – Compensation Discussion and Analysis – Compensation Consultant or Advisor" for additional information.

The current stock option plan (the "**Option Plan**"), originally adopted in 2019, only rewards participants ("**Participants**") for share price appreciation. Prior to the adoption of the Option Plan, the Corporation employed the market-based bonus plan ("**MBBP**") as its long-term incentive plan. The purpose of the MBBP was to provide Peyto staff and consultants with an opportunity to be issued rights, the future value of which was based on the share price appreciation of the common shares of the Corporation as well as the dividends paid to shareholders. All rights issued pursuant to the MBBP were settled in cash. In establishing a new long-term incentive plan, the Board wanted to reward for total return (share price plus dividends), but with the addition of a performance condition for executives and the settlement of the rights (the "**Rights**") being made, in the Board's discretion, in cash and/or common shares. The ability of the Corporation to settle Rights in common shares provides for the further alignment between interests of staff and shareholders.

Accordingly, on April 2, 2025, the Board, based on the recommendation of the Compensation Committee and the Corporation's compensation consultant, approved the adoption of the Total Shareholder Return Rights Plan ("**TSRRP**"), which will be effective on May 22, 2025, subject to approval of the TSRRP by shareholders at the meeting. At the meeting, shareholders will be asked to pass an ordinary resolution ratifying and approving the TSRRP. Shareholder approval is required because payment of the of Rights granted pursuant to the TSRRP may, in the discretion of the Board, be settled in common shares issued from treasury, and thus the TSRRP qualifies under the TSX rules as a security-based compensation arrangement requiring shareholder approval.

If ratified and approved at the meeting, the TSRRP will replace the Option Plan as the Corporation's only security-based compensation arrangement for employees (including executive officers) going forward. If the TSRRP is not approved by shareholders at the meeting, the TSRRP will continue to be effective, however, any payments made pursuant to the TSRRP will be settled in cash only. The Corporation does not intend to make any further grants pursuant to the Option Plan.

Plan Mechanics

Under the TSRRP, Participants will be granted Rights that vest and payout as described below.

The full text of the TSRRP is attached to this information circular – proxy statement as Schedule "A". The following is a summary of certain key provisions of the TSRRP. This summary is subject to, and qualified in its entirety by, the specific provisions of the TSRRP. Capitalized terms used in the summary below that are not defined, but that are defined in the TSRRP, have the meanings given to them in the TSRRP.

- **Structure & Eligibility:** The TSRRP will provide Participants with an opportunity to be issued Rights, as granted from time to time by the Board, the future value of which is based on the difference between the market value of the common shares on the date of grant and the market value of the common shares between the date of grant and vesting date plus the dividends paid to shareholders during such period. The TSRRP provides an increased incentive for these Participants to contribute to the future success of Peyto, thus enhancing the value of the common shares for the benefit of all shareholders. Non-employee directors will not be eligible to participate in the TSRRP.
- **Treasury Reserve:** The TSRRP provides that the aggregate number of common shares issuable thereunder and under all other security-based compensation arrangements of the Corporation (including outstanding stock options ("**Options**") and Deferred Share Units ("**DSUs**")) at any time may not exceed 6.5% of the total number of issued and outstanding common shares from time to time. The Corporation expects that approximately 6.0% of such amount will be allocated to the TSRRP and the legacy Options and approximately 0.5% of such amount will be allocated to DSUs. The number of common shares that may be issued under the TSRRP are subject to the following additional limitations: (i) the number of common shares reserved for issuance, at any time, pursuant to the TSRRP and all other security-based compensation arrangements of the Corporation, to Insiders (as defined in the TSRRP) of the Corporation shall not exceed 10% of the outstanding common shares; (ii) the number of common shares issued to Insiders within any one year period, pursuant to the TSRRP and all other security-based compensation arrangements of the Corporation, shall not exceed 10% of the outstanding common shares; and (iii) the number of common shares issued within any one year period, pursuant to the TSRRP and all other security-based compensation arrangements of the Corporation, to any one Insider and such Insider's associates shall not exceed 5% of the outstanding common shares. There are currently 11,682,315 Options outstanding

with an average exercise price of \$14.44 and 360,934 DSUs outstanding, and the aggregate number of common shares issuable on settlement of all outstanding Options and DSUs is 12,043,249 common shares. Based on the remaining life of outstanding Options, outstanding Options are expected to decrease to 7,613,453, 3,258,108, and 541,000, by the end of fiscal years 2025, 2026 and 2027, respectively. If the TSRRP is approved by shareholders at the meeting, there will be 893,724 common shares immediately available to settle TSRRP grants.

- **Vesting Value:** Each vested Right shall be valued on the Vesting Date (subject to any Black-Out Period extension and the performance criteria applicable to Performance Rights as set forth in the TSRRP and described below) at an amount (the "**Vesting Date Value**") equal to the sum of: (i) the volume weighted average trading price per common share on the TSX for the five (5) consecutive trading days immediately preceding the Vesting Date (the "**Vesting Date Price**") less the Grant Price for such Right; and (ii) the total of all dividends paid by the Corporation per common share from the Grant Date to the Vesting Date. If, on the applicable Vesting Date, the Vesting Date Value of a vested Right is less than or equal to zero, no amount shall be payable to the Grantee and the vested Right shall expire on such date.
- **Granting, Vesting & Payout Schedule:** Rights will be granted under a quarterly schedule; each grant will vest ratably over 3 years. Vested Rights will, subject to any restrictions related to Black-out Periods, be paid out immediately upon vesting. While relatively unique, aligning payout schedules with the vesting schedule (i.e., no exercise window) is intended to reduce any distractions related to share price fluctuations and align with Peyto's philosophy of rewarding for persistent increases in company value.
- **Settlement Method:** Under the TSRRP, the vesting value of each Right (i.e., Total Shareholder Return) may be settled in cash, or through purchase of common shares in the open market, or by issuing treasury shares subject to shareholder approval of the TSRRP at the meeting, at the discretion of the Board. The payments made pursuant to the TSRRP, irrespective of the manner of settlement, are expected to be deductible by the Corporation for income tax purposes.
- **Dilution:** As the Rights include the value of total dividends paid during the Performance Period, their grant date fair value, using the Black-Scholes pricing model, will be higher than an equivalent grant under the Option Plan. Accordingly, the quantum of grants made pursuant to the TSRRP are expected to be lower, and Corporation believes that both the dilution of the number of outstanding common shares and burn rates will be less than under the Option Plan. Further, for Rights settled by issuing common shares from treasury, settling only the Vesting Value of each Right allows the TSRRP to be less dilutive than a typical option program.

Additionally, Grantees who are executive officers of the Corporation will be subject to performance conditioning metrics on 50% of the Rights granted to them (the "**Performance Rights**") requiring the following performance hurdle on each Vesting Date:

- (a) if the Total Shareholder Return for the period commencing after the Grant Date of a Right and ending immediately before the Vesting Date of such Right (the "**Performance Period**") is equal to or greater than 8.0% per annum, the Participant will be entitled to a payment equal to 100% of the Vesting Date Value with respect to the vested Performance Rights; or
- (b) if the Total Shareholder Return for the Performance Period is less than 8.0% per annum, the Vesting Date Value will be deemed zero and the Grantee will not be entitled to a payment with respect to the vested Performance Rights.

For these purposes, "Total Shareholder Return" means, in respect of a Performance Period, an amount equal to $[(A + B) - C] / C$, expressed as a percentage, where:

A = the Vesting Date Price;

B = the total of all dividends paid by the Corporation during the Performance Period; and

C = the Grant Price.

Illustration of TSRRP Mechanics

For reference, a simple illustration of the mechanics of the TSRRP has been included below. This illustration assumes a grant of 300 Performance Rights, a share price of \$10 on the date of grant, annual share price appreciation of \$2 per year and annual dividends of \$1 per share per year for simplicity and that the performance conditions related to the Performance Rights have been met. Rights vest ratably over three years (i.e. 100 Rights vest each year). The Vesting Value is calculated based on the combination of share price appreciation and dividends over the vesting period. Payout of the Vesting Value is subject to a Total Shareholder Return hurdle of 8% per annum (equivalent to \$0.80 the first year, \$1.66 the second year and \$2.60 the third year in this example).

Under this example, the grant of 300 Performance Rights would result in the payout of 124 common shares (or the cash equivalent) over the full performance period where total return is 30% per year from stock price at the date of grant.

	Year 1 Stock Price: \$12 Cumulative Dividends: \$1	Year 2 Stock Price: \$14 Cumulative Dividends: \$2	Year 3 Stock Price: \$16 Cumulative Dividends: \$3
# of Performance Rights Vesting (1/3 Per Year)	Tranche 1: 100 Rights vest	Tranche 2: 100 Rights vest	Tranche 3: 100 Rights vest
Total Shareholder Return (stock price appreciation + dividends)	\$3	\$6	\$9
Vesting Value of Rights	$\$3 \times 100 = \300	$\$6 \times 100 = \600	$\$9 \times 100 = \900
# of Shares Issued at Settlement <i>(Vesting Value/Share Price at Vesting)</i>	$\$300 / \$12 = 25$ Shares	$\$600 / \$14 = 43$ Shares	$\$900 / \$16 = 56$ Shares

Additional Terms of the TSRRP

Rights granted under the TSRRP will be non-transferable and non-assignable.

It is expected that Rights issued pursuant to the TSRRP will be granted by the Board to eligible Participants on a quarterly basis. The grant price (the "**Grant Price**") per Right will be equal to the volume weighted average trading price per common share on the TSX for the five (5) consecutive trading days immediately preceding the date of grant (the "**Grant Date**"). The Rights granted under the TSRRP will vest as to one third (1/3) of the total number of Rights granted to a recipient (a "**Grantee**") pursuant to the TSRRP on each of the first, second and third anniversary dates (each, a "**Vesting Date**").

Each vested Right shall be valued on the Vesting Date (subject to any Black-Out Period extension and the performance criteria applicable to Performance Rights as set forth in the TSRRP and described below) at an amount (the "**Vesting Date Value**") equal to the sum of: (i) the volume weighted average trading price per common share on the TSX for the five (5) consecutive trading days immediately preceding the Vesting Date (the "**Vesting Date Price**") less the Grant Price for such Right; and (ii) the total of all dividends paid by the Corporation per common share from the Grant Date to the Vesting Date.

If, on the applicable Vesting Date, the Vesting Date Value of a vested Right is less than or equal to zero, no amount shall be payable to the Grantee and the vested Right shall expire on such date.

If, on the applicable Vesting Date, the Vesting Date Value of a vested Right is greater than zero, the vested Rights shall become subject to payment by the Corporation, (subject to any Black-Out Period extension and the performance criteria

applicable to Performance Rights as set forth in the TSRRP and described below), in the Board's sole and absolute discretion, by any of the following methods, or by a combination of such methods: (i) payment in cash; (ii) payment in common shares acquired by the Corporation on the secondary market; or (iii) payment in common shares issued from treasury of the Corporation. The number of common shares issuable from treasury or by way of secondary market purchases will be equal to the Vesting Date Value multiplied by the aggregate number of Vested Rights, divided by the Vesting Date Price.

Where a Vesting Date of a Right occurs on a date when a Grantee is subject to a Black-Out Period, or within five trading days of the expiry of such Black-Out Period, such Vesting Date shall be extended to the date that is the sixth trading day following the end of such Black-Out Period.

The TSRRP and any Rights granted thereunder may be amended, modified or terminated by the Board without shareholder approval, subject to the approval by any exchange on which the common shares are listed. However, the Board may not amend the TSRRP or any Right without shareholder approval to: (i) increase the number of common shares reserved for issuance under the TSRRP and all other security-based compensation arrangements of the Corporation; (ii) increase the number of common shares reserved for issuance to Insiders at any time or issuable to Insiders in any one year period as set forth in the TSRRP; (iii) permit non-employee directors to participate in the TSRRP; (iv) extend the expiry date of any outstanding Rights; (v) permit the transfer or assignment of Rights, other than for estate settlement purposes; or (vi) make any amendments to the amendment provisions of the TSRRP.

Notwithstanding anything else in the TSRRP or any agreements entered into between the Corporation and each Grantee to whom a Right is granted to the contrary, the Board may, in connection with a change of control (as defined in the TSRRP) and at its sole option and without the consent of any Grantee: (i) take such steps as are necessary or desirable to cause the conversion or exchange or replacement of any outstanding Rights into or for, rights or other securities of substantially equivalent value (or greater value), as determined by the Board in its discretion, in any entity participating in or resulting from a change of control; or (ii) accelerate the vesting of any or all outstanding Rights to provide that such outstanding Rights shall vest upon (or immediately prior to) the completion of the transaction resulting in the change of control if: (a) the required steps, as determined by the Board in its discretion, are not being taken in connection with such change of control to cause the conversion or exchange or replacement of any outstanding Rights into or for rights or other securities of substantially equivalent value (or greater value), as determined by the Board in its discretion, in any entity participating in or resulting from a change of control; or (b) the Corporation has entered into an agreement relating to a transaction which, if completed, would result in a change of control and the counterparty or counterparties to such agreement require that all outstanding Rights will be either (x) settled immediately before the effective time of such transaction, or (y) terminated on or after the effective time of such transaction.

In the event of a change of control prior to the expiry date of any outstanding Right and: (i) a Grantee is terminated without cause or other than for a material breach in connection with such change of control or within the six (6) months following such change of control, all Rights held by the Grantee shall vest on the date of such termination and the Grantee shall be entitled to be paid the Vesting Date Value of such vested Rights on such termination date; or (ii) within six (6) months following a change of control, the Grantee voluntarily resigns for an event or events which constitute good reason (as defined in the TSRRP), all Rights held by the Grantee shall vest on the date of such resignation and the Grantee shall be entitled to be paid the Vesting Date Value of such vested Rights on such resignation date.

In case of death of a Grantee, Rights terminate on the date determined by the Board which may not be more than 12 months from the date of death and, if the Grantee ceases to be Service Provider to the Corporation (other than by reason of death), Rights terminate on the expiry of a period not in excess of six months as determined by the Board at the time of grant following the cessation date.

The TSRRP also contains standard adjustment and anti-dilution provisions for changes in the capital structure of the Corporation.

At the meeting, Shareholders will be asked to consider and vote on the following ordinary resolution approving the TSRRP.

"BE IT RESOLVED, as an ordinary resolution of the shareholders of Peyto Exploration & Development Corp. ("**Peyto**") that:

1. the total shareholder return rights plan (the "TSRRP") of Peyto in the form attached as Schedule "A" to the information circular – proxy statement of Peyto dated April 2, 2025 (the "Information Circular") is hereby ratified, confirmed and approved and all unallocated awards issuable under the TSRRP are authorized for issue until May 22, 2028;
2. any director or officer of Peyto be and is hereby authorized and directed to do such things and to execute and deliver all such instruments, deeds and documents, and any amendments thereto, as may be necessary or advisable in order to give effect to the foregoing resolutions; and
3. notwithstanding that this resolution has been duly passed by the shareholders of Peyto, the directors of Peyto are hereby authorized and empowered to revoke this resolution, without any further approval of the shareholders of Peyto, at any time if such revocation is considered necessary or desirable by the directors."

In order to be passed, the foregoing ordinary resolution must be approved by a simple majority of the votes cast by shareholders who vote in person or by proxy at the meeting. The Board recommends that shareholders vote **FOR** the resolution. **The management designees intend to vote FOR the resolution, unless a shareholder specifies otherwise in the proxy.**

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Role of Compensation Committee

The Compensation Committee is currently comprised of Mss. Gerlach and McMinn and Messrs. MacBean and Rossall. Mr. MacBean is the Chair of the Compensation Committee. These directors are considered independent from Peyto for the purposes of National Instrument 58-201 – *Corporate Governance Guidelines*. See "*Matters to be Acted Upon at the Meeting – Election of Directors – Directors' Biographies*" for the relevant education and experience of each member of the Compensation and Nominating Committee that enables each member to make decisions on the suitability of Peyto's compensation policies and practices.

The purpose of the Compensation Committee is to assist the Board in fulfilling its responsibilities relating to compensation matters, particularly those relating to compensation of the Corporation's executive officers and human capital management. The role of the Compensation Committee includes human resources matters in the sense of the establishment and maintenance of an overall compensation plan to attract, reward and keep talented people and in the sense of ensuring that the Board is comprised of appropriate individuals to serve the Corporation's needs. In addition, the Compensation Committee attempts to design the Corporation's compensation in a manner that will foster longer-term value creation. In carrying out its mandate in respect of compensation matters, the Compensation Committee is expected to:

- A. Advise the Board on executive compensation matters.
- B. Review and recommend a compensation philosophy, guidelines and plans for the Corporation's executives and employees.
- C. Review and approve corporate goals and objectives relevant to Chief Executive Officer ("CEO") compensation.
- D. Evaluate the CEO's performance in light of those goals, and make recommendations to the Board with regard to the CEO's compensation based on this evaluation.
- E. In consultation with the CEO, review and approve non-CEO compensation, incentive-compensation plans and equity-based plans.
- F. Review and approve all discretionary compensation granted.

- G. Review and approve fees to be paid to members of the Board.
- H. Review executive compensation disclosure before it is publicly disclosed.

The Compensation Committee meets from time to time each year for the purpose of, among other things, reviewing the overall compensation policy of Peyto. The Compensation Committee makes recommendations to the Board on salaries of executive officers, bonus allocations and directors' compensation. The Board reviews all recommendations of the Compensation Committee relating to compensation matters before final approval.

In carrying out its mandate, the risks associated with the Corporation's compensation policies and practices were discussed both by the Compensation Committee and the Board, including the risk of executive officers taking inappropriate or excessive risks and the risk of inappropriate focus on short-term goals at the expense of long-term return to shareholders. While no program can fully mitigate these risks, the Compensation Committee does not believe the Corporation's compensation programs encourage its executive officers to take inappropriate or excessive risks. This assessment is based on a number of considerations including, without limitation: (i) the Corporation's compensation policies and practices are uniform throughout the organization and there are no significant differences in compensation structure among the executive officers; (ii) the overall compensation program is both market and performance based and aligned with the Corporation's business plan and long-term strategies. The performance elements are linked to achievement of the Corporation's business goals and are reviewed annually by the Compensation Committee; (iii) in exercising its discretion under the Option Plan and the reserves/value based bonus (the "**Value Component**"), the Compensation Committee reviews individual and corporate performance taking into account the long-term interests of the Corporation; (iv) the compensation expense to executive officers is not a significant percentage of the Corporation's revenue; and (v) results of annual performance assessments of executive officers goals, objectives and performance are reviewed and considered in awarding compensation and such discretionary judgement is applied in awarding Options under the Option Plan, discretionary bonuses under the Value Component and future compensation.

Executive and Employee Compensation Principles and Strategy

The Corporation's compensation policies are founded on the principle that executive and employee compensation should be consistent with shareholders' interests and, therefore, the compensation strategy employed is weighted towards variable or performance-based compensation. The objectives of the policies are to attract and retain a high-quality management and employee team and to motivate performance by tying a significant portion of compensation to performance measures. The current elements of the Corporation's executive and employee compensation policies are consistent with the Corporation's business strategy of creating shareholder value by efficiently developing and producing oil and gas reserves, while distributing a portion of the Corporation's cash to shareholders through dividends. The Compensation Committee evaluates these objectives on an ongoing basis. The Corporation's current compensation plan consists of the following items:

- Base Salary
- Value Component
- Option Plan

The Compensation Committee reviews all three components in assessing the compensation of individual executive officers and of Peyto employees as a whole. The Corporation does not have a pension plan or other form of formal retirement compensation. In keeping with the objectives stated above, the Corporation generally pays executive base salaries at the median of entities of similar size.

When determining executive compensation, including the assessment of the competitiveness of the Corporation's executive compensation practices, the CEO and the Compensation Committee utilize compensation survey information provided by various companies including Mercer Human Resource Consulting Ltd. ("**Mercer**"), an independent human resource consulting firm, in addition to other compensation information obtained by the CEO and the Compensation Committee from public disclosure documents of comparable issuers. The Corporation accesses Mercer's survey results periodically. Information provided by Mercer is based on Mercer's annual survey of compensation practices within the Canadian oil and gas industry, which reflects the prior fiscal year's compensation determinations. In addition, the Compensation Committee reviews compensation information available in the public domain with respect to companies considered to be in the Corporation's peer group. In selecting a benchmarking group for comparison purposes, the CEO and the Compensation Committee consider the entities with which the Corporation competes for talent and, from that

group, selects benchmarking group members based on a comparison of broad corporate measures such as annual production, annual revenue and number of employees.

Currently, the entities included in the Corporation's benchmarking peer group are: Advantage Energy Ltd., Baytex Energy Corp., Birchcliff Energy Ltd., NuVista Energy Ltd., Paramount Resources Ltd., Spartan Delta Corp., Tourmaline Oil Corp. and Vermilion Energy Inc.

The CEO is responsible for making recommendations to the Compensation Committee with respect to compensation levels for all executive officers, other than the CEO. In making such recommendations, the CEO analyzes a number of factors including the performance of the individual executive officer, level of responsibility, experience, expertise and the leadership role undertaken. The CEO's compensation is determined by the Board upon recommendation by the Compensation Committee. A description of each element of the Corporation's compensation, as well as a detailed description of the CEO's compensation is set forth below.

Base Salaries

The base salary component is intended to provide a fixed level of competitive pay that reflects each executive officer's or employee's primary duties and responsibilities. The Corporation's policy is that salaries for its executive officers and other employees are competitive within its industry and generally set at the median salary level among entities its size. The rationale, as set forth above, is to focus compensation on variable or performance based compensation.

Reserves/Value Based Bonus

The purpose of the Value Component is to advance the interests of Peyto by providing for bonuses for key employees of Peyto who are designated as participants thereunder. The overriding philosophy of the Value Component is to reward participants annually for accretive oil and natural gas reserve value growth, which is a result of Peyto's exploration and development program. The Value Component is designed to recognize individual performance that has played a role in creating incremental value per common share but not to reward for increases in commodity prices. Peyto believes that the change in value of the Corporation's proven producing reserves is the best measure of performance of an oil and gas company.

The Value Component is administered by the CEO, who selects the participants, other than the CEO, among key employees of Peyto and allocates participation points to each such participant. The amount of participation in the Value Component is not set in relation to any formula or specific criteria but is the result of a subjective determination by the CEO and is approved by the Compensation Committee and the Board, with the use of the Corporation's independent engineering firm's calculation of the incremental value of the Corporation's proven producing reserves using the same constant price forecast for the opening and closing valuation and an 8% discount factor. This incremental value is adjusted for dividends, debt, equity, interest and general and administrative expenses in order to isolate the net incremental value added on a per share basis and assists the CEO in making their recommendation. Recommendations regarding the allocations made by the CEO are reviewed by the Compensation Committee. Allocations and payments made to the CEO are determined by the Board on the advice of the Compensation Committee. Given the small number of employees at Peyto, this manner of allocation remains optimal.

Under the Value Component, the bonus pool is comprised of 4% of the annual incremental increase in value, if any, as adjusted to reflect changes in debt, equity, dividends, general and administrative expenses and interest expense, of the Corporation's proven producing reserves calculated using a discount rate of 8%, on an after-tax basis. The change in the Corporation's proven producing reserves is calculated on a calendar year basis. The Corporation's proven producing reserves are calculated by an independent oil and gas reservoir engineer, at the end of a fiscal year, using the previous year's unhedged realized commodity prices held constant for all calculations. The bonuses, if any, under the Value Component are paid in cash. Compensation expense with respect to the Value Component totalled \$15.3 million in 2024 (2023 – \$3.3 million). The increase in the Value Component in 2024 over 2023 reflected the strong proved developed producing reserves growth in the year from the Corporation's drilling program.

Option Plan

On April 2, 2025, the Board, based on the recommendation of the Compensation Committee and the Corporation's compensation consultant, approved the adoption of the TSRRP, which will be effective on May 22, 2025, subject to

approval of the TSRRP by shareholders at the meeting. The TSRRP will replace the Option Plan as the Corporation's only security-based compensation arrangement for employees (including executive officers) going forward. The Corporation does not intend to make any further grants pursuant to the Option Plan.

Based on the remaining life of outstanding Options, outstanding Options are expected to decrease to 7,613,453, 3,258,108, and 541,000, by the end of fiscal years 2025, 2026 and 2027, respectively. All outstanding Options expire by January 31, 2028.

As the Option Plan is a "rolling" share option plan, the issuance of any common shares, including on the exercise of any Options granted under the Option Plan, will create additional unallocated grants available for re-issuance under the Option Plan.

The maximum number of common shares that may be issued under all security-based compensation arrangements of the Corporation, being the Option Plan and the DSU Plan, is currently 19,903,035 common shares, representing 10% of the number of issued and outstanding common shares as at the date hereof. Currently, there are 11,682,315 Options to acquire common shares outstanding and 360,934 deferred share units ("**DSUs**") outstanding. Up to 7,859,786 common shares are available for future grants under the Option Plan, the DSU Plan and all other security-based compensation arrangements, based on the number of outstanding awards under each of the Option Plan and the DSU Plan as at April 2, 2025.

Description of the Option Plan

The full text of the Option Plan is attached to the Corporation's information circular – proxy statement dated March 23, 2022 as Schedule "A". The following is a summary of certain key provisions of the Option Plan. This summary is subject to, and qualified by, the specific provisions of the Option Plan. Capitalized terms used in the summary below and defined in the Option Plan have the meanings given to them in the Option Plan.

The Option Plan permitted the granting of Options to officers, employees of and consultants to, the Corporation and its subsidiaries, and other persons who provide ongoing management and consulting services to the Corporation and its subsidiaries. The Option Plan limits the number of common shares that may be subject to Options granted and outstanding under the Option Plan and any other security-based compensation arrangements established by the Corporation at 10% of the outstanding common shares from time to time.

Management and the Compensation Committee collaborate and make recommendations to the Board when determining the aggregate number of Options to be issued as well as their allocation. Peyto considers several factors when granting Options, including the employee's performance, their potential impact on the company, and the alignment of the grant with the company's goals and strategy. Other factors include, but are not limited to, ESG and HSE considerations and the employee's position within the Corporation's structure. The quantum of the grants made are looked at in combination with the employee's base salary and participation in the reserves/value based bonus, with the general focus being to skew the overall compensation towards paying for performance. See "*Statement of Executive Compensation – Executive and Employee Principles and Strategy*".

Options granted pursuant to the Option Plan have a term as determined by the Board and vest in such manner as determined by the Board. Options which expire during a blackout period (as defined in the Option Plan) or within nine business days following the expiration of a blackout period, shall be extended for a period of ten business days after the end of such blackout period. Options granted under the Option Plan are non-transferable and non-assignable. The Option Plan does not provide for or contemplate the provision of financial assistance to facilitate the exercise of Options and the issuance of common shares. The exercise price of Options granted is determined by the Board at the time of grant provided that if at such time the common shares are listed on a stock exchange, the exercise price shall not be less than the volume weighted average trading price per common share on the stock exchange, for the last five (5) consecutive trading days immediately prior to the date of grant or such other minimum price that may be prescribed by such exchange.

The number of common shares that may be issued under the Option Plan are subject to the following additional limitations: (i) the aggregate number of common shares that may be issued pursuant to the exercise of Options awarded under the Option Plan and all other established or proposed share compensation arrangements of the Corporation shall not exceed 10% of the outstanding common shares; (ii) the number of common shares reserved for issuance at any time, pursuant to the Option Plan and all other established or proposed security-based compensation arrangements of the Corporation, to Insiders (as defined in the Option Plan) of the Corporation shall not exceed 10% of the outstanding common shares;

(iii) the number of common shares reserved for issuance to Insiders within any one year, period pursuant to the Option Plan and all other established or proposed security-based compensation arrangements of the Corporation, shall not exceed 10% of the outstanding common shares; and (iv) the number of common shares issued within one year, pursuant to the Option Plan and all other established or proposed security-based compensation arrangements of the Corporation, to any one Insider and such Insider's associates shall not exceed 10% of the outstanding common shares.

In case of death of an optionee, Options terminate on the date determined by the Board which may not be more than 12 months from the date of death and, if the optionee ceases to be an officer or employee of, or to provide ongoing management or consulting services to, the Corporation, Options terminate on the expiry of a period not in excess of six months as determined by the Board at the time of grant. In each case, the optionee is entitled to exercise those Options that the optionee was entitled to exercise on the date of death or the date the optionee ceased to be an officer, or employee of, or to provide ongoing management or consulting services to, the Corporation, as the case may be. An optionee may make an offer ("**Surrender Offer**") to the Corporation, at any time, for the disposition and surrender by the optionee to the Corporation of any Options granted for an amount in cash or in common shares equal to the difference between closing price of the common shares on the TSX on the date the Options are surrendered to the Corporation (provided that if the common shares are not then listed and posted for trading on stock exchange, then the Surrender Price shall be determined by the Board in its sole discretion acting reasonably and in good faith) and the exercise price of such Options and the Corporation may, but is not obligated to, accept the Surrender Offer.

If approved by the Board, Options may provide that, whenever the shareholders receive a take-over proposal (a "**Take-over Proposal**"), such option may be exercised as to all or any of the common shares in respect of which such option has not previously been exercised (including in respect of common shares not otherwise vested at such time) by the optionee, but any such option not otherwise vested and deemed only to have vested in accordance with the foregoing may only be exercised for the purposes of tendering to such Take-over Proposal.

In the event of a change of control (as defined in the Option Plan) prior to the expiry date of any outstanding option: (i) an optionee is terminated without cause in connection with such change of control or within the six (6) months following a change of control, all Options held by the optionee shall vest and the optionee shall, if such termination occurs prior to, or at, the effective time of such change of control, be entitled to exercise all Options held by the optionee until immediately prior to the effective time of such change of control (or such other time as may be designated by the Board) and, if such termination period occurs following such change of control, the optionee shall be entitled to exercise all Options held by such optionee until the date that is 90 days after the optionee's termination date, all Options which have not been exercised prior to the required dates as set forth in the Option Plan shall become null and void and all rights to receive common shares thereunder shall be forfeited by the optionee; or (ii) within six (6) months following a change of control, the optionee voluntarily resigns for an event or events which constitute good reason (as defined in the Option Plan), all Options held by the optionee shall vest and the optionee shall be entitled to exercise all Options held by such optionee until the date that is 90 days after the optionee's termination date and after such date all Options which have not been exercised shall become null and void and all rights to receive common shares thereunder shall be forfeited by the optionee.

The Option Plan contains standard adjustment and anti-dilution provisions for changes in the capital structure of the Corporation.

Additionally, the Option Plan contains a "cashless exercise" feature, which provides that, unless the Board determines otherwise at any time, an option holder may elect to exercise an option by surrendering such option in exchange for the issuance of common shares equal to the number determined by dividing (i) the difference between the market price on the date of exercise and the exercise price of such option by (ii) the market price of the common shares at the date of exercise. If a holder utilizes this "cashless exercise" feature, the full number of common shares underlying the Options exercised will be deducted from the number of common shares reserved for issuance under the Option Plan.

The Board may make certain amendments to the Option Plan or discontinue the Option Plan at any time without the consent of the participants as permitted by the provisions of the Option Plan and, if required, subject to the approval by any exchange on which the common shares are listed. However, the Board may not amend the Option Plan without shareholder approval with respect to: (i) increasing the number of common shares reserved for issuance under the Option Plan and all other established or proposed security-based compensation arrangements of the Corporation; (ii) increasing the number of common shares reserved for issuance to Insiders or issuable to Insiders in any one year period as set forth in the Option Plan; (iii) reduce the Exercise Price of any option granted pursuant to the Option Plan; (iv) extend the expiry date of any outstanding Options other than as permitted in the Option Plan; (v) make any amendment that would reduce the Exercise Price of an outstanding option (including a cancellation and reissue of an option that constitutes a reduction

in Exercise Price; (vi) permit a holder of Options to transfer or assign Options to a new beneficial holder, other than for estate settlement purposes; or (vii) any amendments to the amendments section of the Option Plan. Other than as listed above, the Corporation may make such amendments to the Option Plan and any Options granted thereunder without the approval of shareholders in accordance with the provisions of the Option Plan.

Options are granted throughout the year and vest one-third (1/3) on each of the first, second and third anniversaries from the date of grant. At the time of vesting, recipients have 30 days to exercise Options after which any unexercised Options are expired. See "*Statement of Executive Compensation – Securities Authorized for Issuance Under Equity Compensation Plans – Annual Burn Rate Under Equity Compensation Plans*".

CEO Compensation

The compensation of the CEO is reviewed annually and determined by the Board as a whole on the recommendation of the Compensation Committee. The level of CEO compensation is determined by the Board considering all factors which they deem appropriate, including chief executive officer salaries for companies of comparable size, industry, geography and complexity. The grant of incentive awards is determined by the Board, upon recommendation of the Compensation Committee, based on consideration such as the Corporation's overall performance, relative shareholder returns and/or other relevant factors.

The following table summarizes total reported CEO compensation over the past five years. Mr. Darren Gee was CEO for 2020 through 2022 and Mr. Jean-Paul Lachance has been CEO since January 1, 2023.

Compensation Component	2020 (\$)	2021 (\$)	2022 (\$)	2023 (\$)	2024 (\$)
Base Salary	289,300	325,000	330,900	315,000	342,000
Value Component	-	600,000	400,000	260,000	1,220,000
Fair Value of Options Granted in the Year ⁽¹⁾	559,418	389,186	-	1,244,685	853,332
Total Reported Compensation	848,718	1,314,186	730,900	1,819,685	2,415,332
Percentage at Risk	66%	75%	55%	83%	86%

Note:

- (1) Represents Options issued pursuant to the Option Plan. Based on the grant date fair value of the Options and does not reflect what was actually paid to the CEO in the calendar year. The fair value of Options granted are estimated at the date of grant using a Black-Scholes option pricing model.

As of December 31, 2024, Mr. Lachance held 515,143 common shares, representing a value of \$8.8 million (based on the closing price of the common shares on the TSX on December 31, 2024, being \$17.14), 876,833 Options representing a value of \$3.0 million (based on the closing price of the common shares on the TSX on December 31, 2024, being \$17.14) and did not hold any other securities exercisable or convertible into common shares.

Three Year Named Executive Officer Compensation Versus Financial Measures

Total Named Executive Officer compensation over the past three years is presented below and remains a relatively small percentage of both the Corporation's funds from operations and enterprise value.

	2022	2023	2024
Total Named Executive Officer Compensation (millions)⁽¹⁾	\$9.0	\$7.1	\$10.2
Funds from Operations (millions)	\$827.6	\$670.5	\$712.8
Named Executive Officer Compensation as a % of Funds from Operations	1%	1%	1%
Enterprise Value (billions)	\$3.3	\$3.7	\$4.7
Named Executive Officer Compensation as a % of Enterprise Value	0.3%	0.2%	0.2%

Shareholder Return (annual)	53%	-4%	53%
-----------------------------	-----	-----	-----

Note:

- (1) For further details, see Note 3 to the table under the heading "*Statement of Executive Compensation – Summary Compensation Table*" below.

Compensation Consultant or Advisor

In 2024, the Compensation Committee retained Hugessen to provide advice on designing a new long-term compensation plan for executives and employees. Additionally, the Compensation Committee engages Mercer to advise on employee compensation. Hugessen and Mercer provide no additional services to the Corporation. Fees billed for 2023 and 2024 by Hugessen are categorized as Executive Compensation-Related Fees, and fees billed by Mercer are categorized as All Other Fees, as detailed below.

	December 31, 2024 (\$)	December 31, 2023 (\$)
Executive Compensation-Related Fees	83,583	-
All Other Fees	12,054	32,675
Total	95,637	32,675

Anti-Hedging Policy and Other Restrictions on Trading Activities

The Corporation has adopted a Joint Disclosure, Confidentiality & Trading Policy which, among other things, ensures that executives and directors cannot participate in speculative activity related to the Corporation's securities to artificially protect themselves against declines in share price. The Joint Disclosure, Confidentiality & Trading Policy provides that executive officers and directors are prohibited, at any time, from: (i) entering into a sale of the Corporation's securities that they do not own or have a right to own (a speculative practice, called "selling short", which is done in the belief that the price of a stock is going to fall and the seller will then be able to cover the sale by buying the stock back at a lower price); and (ii) selling a "call option" or buying a "put option" in respect of any the Corporation's securities (as such persons could profit from the Corporation's stock price falling). Executive officers and directors are also prohibited from participating in equity monetization transactions involving any the Corporation's securities that are part of the Corporation's long-term incentive programs which have not vested or the common shares that constitute part or all of the Corporation's requirements under the Corporation's minimum share ownership guidelines. Executive officers and directors are also strictly prohibited from entering into any equity monetization transaction that is the equivalent of "selling short".

Clawback Policy (Recoupment of Incentive Compensation)

The Corporation has adopted a policy regarding recoupment of any incentive payment (including cash payments, and when applicable, Options granted under the Option Plan, and the common shares issuable on exercise or vesting thereof, as the case may be), to an executive officer where:

- the payment or grant was predicated upon achieving certain financial results that were subsequently the cause of a substantial restatement of the Corporation's financial statements;
- the Board determines the executive officer engaged in gross negligence, intentional misconduct or fraud that caused or substantially caused the need for substantial restatement of the Corporation's financial statements; and
- a lower incentive compensation payment or grant would have been made to the executive officer based upon the restated financial results.

In such circumstances, the Corporation will seek to recover from such executive officer, in the case of cash incentive payments, the amount by which that executive officer's incentive payments for the relevant period exceeded the lower payment that would have been made based on the restated financial results and in the case of equity incentive awards, the

number of equity incentive awards by which the executive officer's grant for the relevant period exceeded the lower number of equity incentive awards that would have been granted based on the restated financial results.

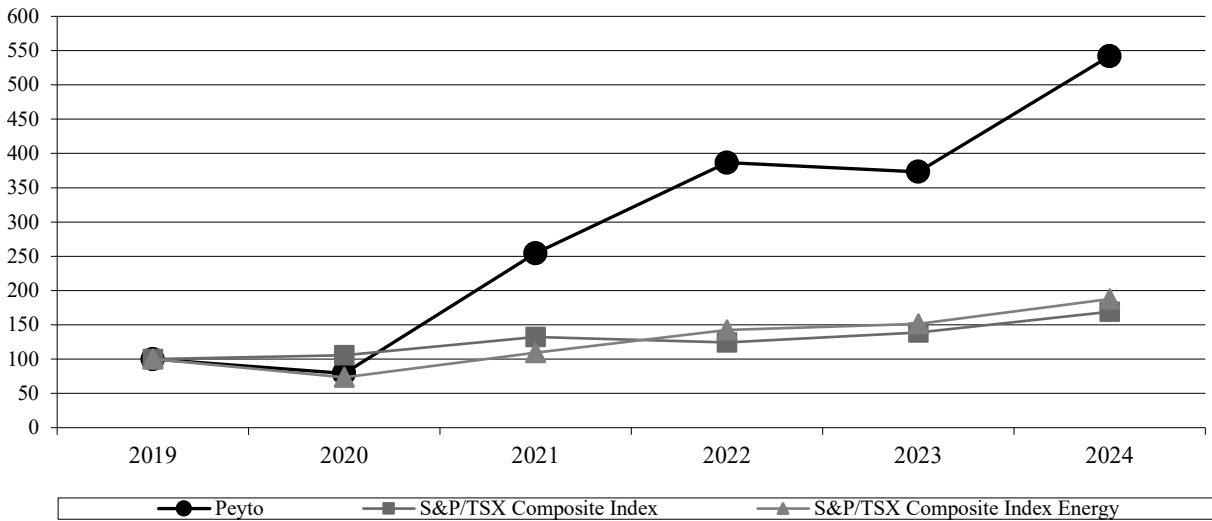

Additionally, under the policy in the event that any executive officer is found to have engaged in intentional misconduct, fraud, theft or embezzlement, the Board may in its discretion, to the full extent permitted by applicable laws and to the extent it determines that it is in best interests of Peyto to do so, require the reimbursement of some or all of the after-tax amount of any incentive compensation already paid or awarded in the previous 24 months or forfeiture of any vested or unvested incentive compensation awards regardless of whether or not a restatement of the financial statements of the Corporation has occurred or is required.

Summary

The Board believes that generating long-term shareholder value is enhanced by compensation based upon corporate performance achievements. Through the programs described above, a significant portion of the compensation for all employees, including executive officers, is based on corporate performance and generating shareholder value, as well as industry-competitive pay practices.

Performance Graph

The following graph illustrates the Corporation's five-year cumulative shareholder return, as measured by the closing price of the common shares at the end of each financial year, assuming an initial investment of \$100.00 on December 31, 2019, compared to the S&P/TSX Composite Index and the S&P/TSX Composite Index Energy, assuming the reinvestment of dividends where applicable.

	Dec. 31, 2020	Dec. 31, 2021	Dec. 31, 2022	Dec. 31, 2023	Dec. 31, 2024
Peyto Exploration & Development Corp.	79	254	387	373	542
S&P/TSX Composite Index ⁽¹⁾	106	132	124	139	169
S&P/TSX Composite Index Energy (Sector) ⁽¹⁾	73	109	142	151	188

Note:

(1) Total Return Index.

Summary Compensation Table

The following table sets forth for the years ended December 31, 2024, December 31, 2023 and December 31, 2022 information concerning the compensation paid to the CEO and Chief Financial Officer ("CFO") and each of the three other most highly compensated executive officers at the end of each of the years ended December 31, 2024, December 31, 2023 and December 31, 2022 whose total compensation was more than \$150,000 (each a "Named Executive Officer" and collectively, the "Named Executive Officers").

Name and Principal Position	Year	Salary (\$)	Share-Based Awards (\$)	Option-Based Awards (\$) ⁽¹⁾	Non-Equity Incentive Plan Compensation (\$)		Pension Value (\$)	All Other Compensation ⁽²⁾	Total Compensation (\$) ⁽³⁾
					Annual Incentive Plans	Long-Term Incentive Plans			
Jean-Paul Lachance President and Chief Executive Officer (formerly President and Chief Operating Officer) ⁽⁴⁾	2024	342,000	N/A	853,332	1,220,000	-	N/A	-	2,415,332

Notes:

- Represents Options issued pursuant to the Option Plan. Based on the grant date fair value of the Options and does not reflect what was actually paid to the Named Executive Officers in the calendar year. The fair value of Options granted are estimated at the date of grant using a Black-Scholes option pricing model. Key assumptions used in the pricing model for 2024 were: expected volatility: 2024 – 35.29%; risk-free interest rate: 2024 – 3.62%; dividend yield: – 9.17%; and weighted average life: 2024 – 2 years. Key assumptions used in the pricing model for 2023 were: expected volatility: 2023 – 47.40%; risk-free interest rate: 2023 – 4.33%; dividend yield: – 5.14%; and weighted average life: 2023 – 2 years. Key assumptions used in the pricing model for 2022 were: expected volatility: 2022 – 54.96%; risk-free interest rate: 2022 – 2.76%; and weighted average life: 2022 – 2 years. The Black-Scholes pricing methodology was selected due to its acceptance as an appropriate valuation model used by similar sized oil and gas companies.
- The value of perquisites received by each of the Named Executive Officers, including property or other personal benefits provided to the Named Executive Officers that are not generally available to all employees, were not in the aggregate greater than \$50,000 or 10% of the Named Executive Officer's total salary for the financial year.
- Total compensation includes both cash and non-cash amounts (as set out under "Incentive Plan Awards"). The following table outlines the total cash compensation amounts for each Named Executive Officer:

Named Executive Officer	Total Cash Compensation for 2022 (\$)	Total Cash Compensation for 2023 (\$)	Total Cash Compensation for 2024 (\$)
Jean-Paul Lachance	700,300	575,000	1,562,000

Tavis Carlson	221,863	445,000	1,181,500
Kathy Turgeon	509,600	494,600	67,250
Riley Frame	428,400	425,000	1,336,500
Lee Curran	554,500	464,500	1,412,750
Derick Czember	448,800	435,000	1,265,500

- (4) Mr. Lachance was appointed as Chief Executive Officer on January 1, 2023. As such, compensation paid to Mr. Lachance in 2022 was in respect of his role as President and Chief Operating Officer.
- (5) Ms. Turgeon served as Vice President and Chief Financial Officer until her retirement on March 31, 2024 and Mr. Carlson was appointed Chief Financial Officer (in addition to Vice President, Finance) effective on such date. As such, compensation paid to Mr. Carlson from July 16, 2022 to March 31, 2024 was in respect of his role as Vice President, Finance.

Incentive Plan Awards

Please see discussion under "*Compensation Discussion and Analysis – Option Plan*", "*Compensation Discussion and Analysis – Reserves/Value Based Bonus*", and "*Statement of Executive Compensation – Directors' Compensation – DSU Plan*" for a description of the Corporation's incentive plan awards.

Outstanding Share-Based Awards and Option-Based Awards

The following table sets forth for each Named Executive Officer all Options outstanding at the end of the year ended December 31, 2024. The Corporation does not have any share-based awards.

Outstanding Option-Based Awards				
Name	Options	Exercise Price	Option Expiration Date	Value In the Money
Jean-Paul Lachance	35,000	\$9.49	31-Jan-2025	\$267,750

Notes:

- (1) Options granted to date vest as to 1/3 on each of the first, second and third anniversaries of grant and expire 30 business days following their vesting date if not otherwise exercised. In accordance with the Option Plan, Options that are cancelled, surrendered, terminated or expire prior to the exercise of all or a portion thereof shall result in the common shares that were reserved for issuance thereunder being available for a subsequent grant of Options pursuant to the Option Plan to the extent of any common shares issuable thereunder that are not issued under such cancelled, surrendered, terminated or expired option. See "*Compensation Discussion and Analysis – Option Plan*".
- (2) Calculated based on the closing market price of the common shares on December 31, 2024 (\$17.14) and the exercise price of the Options.

Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets forth for each Named Executive Officer, the value of Options which vested during the year ended December 31, 2024 and the value of non-equity incentive plan compensation earned during the year ended December 31, 2024.

Name	Option-Based Awards – Value Vested During the Year⁽¹⁾ (S)	Share-Based Awards – Value Vested During the Year (S)	Non-Equity Incentive Plan Compensation – Value Earned During the Year⁽²⁾ (S)
Jean-Paul Lachance	1,396,321	N/A	1,220,000
Tavis Carlson	223,520	N/A	915,000
Kathy Turgeon	583,633	N/A	-
Riley Frame	649,405	N/A	1,067,500
Lee Curran	1,097,124	N/A	1,143,750
Derick Czember	748,160	N/A	1,006,500

Notes:

- (1) The value of Options is calculated based on the difference between the closing price of the common shares on the vesting date and the exercise price of the Options multiplied by the Options vested during the year.
- (2) Represents amounts paid pursuant to the Value Component.

Termination and Change of Control Benefits

The Corporation has entered into executive employment agreements ("**Executive Employment Agreements**") with the following Named Executive Officers that provide for termination payments as described below. Additionally, the Option Plan and Value Component provide for certain payments to be made to the Named Executive Officers in the event of a change of control of the Corporation.

Termination by the Corporation for Just Cause

The Corporation may terminate its employment agreement with any of the Named Executive Officers at any time for just cause and is then obligated to pay such Named Executive Officer's salary (and accrued and unused vacation and reimbursable expenses) through to the termination date.

Termination by the Corporation without Just Cause

The Corporation may also terminate its employment agreement with any of the Named Executive Officers at any time for any reason other than just cause and is then obligated to pay to the applicable Named Executive Officers:

- (a) such Named Executive Officer's salary (and accrued and unused vacation and reimbursable expenses) through to the termination date;
- (b) in the event that the termination date is following the completion of a calendar year, but prior to the payment of an annual reserves/value based cash bonus (the Value Component) for such completed calendar year, the Named Executive Officer shall be paid a cash bonus equal to the Average Bonus (as defined below); and
- (c) a retiring allowance equal to the Total Monthly Compensation (as defined below) times the Severance Multiplier (as defined below).

For the purposes of the Executive Employment Agreements:

"**Average Bonus**" means the average of the annual reserves/value based cash bonuses or other cash bonuses, if any, paid to the Named Executive Officer in respect of the five (5) calendar years prior to the termination date, provided that the Average Bonus shall not be greater than \$400,000 (\$500,000 for Mr. Lachance) nor less than \$100,000 (\$150,000 for Mr. Lachance).

"**Severance Multiplier**" means twelve (12) plus one (1) for each fully completed year of employment after the Named Executive Officer's start date, up to a maximum of twenty four (24).

"**Total Monthly Compensation**" means one-twelfth (1/12) of the sum of:

- (i) the Named Executive Officer's then annual salary;
- (ii) twenty (20%) percent of the Named Executive Officer's then annual salary for the loss of benefits and perquisites; and
- (iii) the Average Bonus.

Resignation by the Executive

The Named Executive may resign from the Named Executive Officer's employment on three (3) months advance notice and in such event the Corporation is obligated to pay such Named Executive Officer's salary (and accrued and unused vacation and reimbursable expenses) through to the termination date.

Resignation by the Executive for Good Reason Following a Change of Control

In the event of a change of control of the Corporation, and within 12 months of the change of control, there is an event or series of events that constitute "good reason", the Named Executive Officer may, following the event or series of events that constitute good reason, elect to terminate the Named Executive Officer's employment upon 30 days advance notice. In such event, the Corporation is obligated to pay to the Named Executive Officer the amount described above under "Termination by the Corporation without Just Cause" as would be payable to the Named Executive Officer if such person was terminated by the Corporation without just cause.

Each Executive Employment Agreement provides for confidentiality, non-competition and non-solicitation obligations standard to this type of employment agreement.

The table below provides details of the cash payment that would have been made under the Executive Employment Agreements to each of the Named Executive Officers and the value of accelerated Options and Rights (including under the Value Component) assuming the occurrence of a termination without just cause or in association with a change in control of the Corporation as of December 31, 2024.

Name	Cash Payment (\$) ⁽¹⁾	Value of Outstanding Options at December 31, 2024 ⁽²⁾ (\$)	Total Incremental Obligation (\$)
Jean-Paul Lachance President and Chief Executive Officer	1,820,800	2,992,912	4,813,712
Tavis Carlson Vice President, Finance and Chief Financial Officer	843,267	1,696,030	2,539,297
Riley Frame Vice President, Engineering and Chief Operating Officer	1,261,167	1,951,408	3,212,575
Lee Curran Vice President, Drilling and Completions	1,410,800	2,369,649	3,780,449
Derick Czember Vice President, Land & Business Development	1,172,500	1,942,648	3,115,148

Notes:

- (1) Amounts payable if Named Executive Officer is terminated without just cause as described under "Termination by the Corporation without Just Cause" or resigns after change of control of the Corporation as described under "Resignation by the Executive for Good Reason Following a Change of Control".
- (2) Calculated based on the difference between the closing market price of the common shares on December 31, 2024 (\$17.14) and the exercise price of the Options subject to accelerated vesting.

Directors' Compensation

Peyto's compensation philosophy for directors is to attract and retain qualified individuals and ensure that their interests are aligned with Peyto's shareholders.

Each of the non-executive directors of Peyto receives an annual retainer plus expenses for attending meetings of the Board and committees thereof. The base retainers for each non-executive director of Peyto are \$168,750 per annum. Additionally, the Chairman of the Board is entitled to an additional \$75,000 annual fee, the Chairman of the Audit Committee is entitled to an additional \$20,000 annual fee and the Chairman of each of the Reserves Committee, the Health and Safety Committee, the Compensation Committee, the Nominating Committee and the Environmental, Social and Governance Committee is entitled to an additional \$10,000 annual fee. The retainers are payable monthly during each year of service. A minimum of 50% of the retainer is variable and paid in DSUs, to a maximum of \$150,000 of value, while the remaining portion is fixed and paid in cash.

In 2019, the Board adopted new share ownership guidelines for the Corporation's directors and officers. See "*Statement of Executive Compensation – Director and Officer Equity Ownership*" for a description of the Corporation's share ownership guidelines for directors and officers. As at December 31, 2024, all directors satisfied the minimum shareholdings requirement.

DSU Plan

In adopting the DSU Plan, the Board considered the director compensation arrangements of its peer group relative to the Corporation's director compensation practices. Grants under the DSU Plan are included in the maximum number of common shares that may be issued under all security-based compensation arrangements of the Corporation, which currently are the Option Plan and the DSU Plan. Up to 7,859,786 common shares will be available for future grants under the DSU Plan which amount will be shared with grants under all other security-based compensation arrangements, which includes the Option Plan, based on the number of outstanding awards under each of the Option Plan and the DSU Plan.

Description of the DSU Plan

The full text of the DSU Plan is attached to the Corporation's information circular – proxy statement dated March 15, 2021 as Schedule "A". The following is a summary of certain key provisions of the DSU Plan. This summary is subject to, and qualified by, the specific provisions of the DSU Plan. Capitalized terms used in the summary below and defined in the DSU Plan have the meanings given to them in the DSU Plan.

The DSU Plan allows the Compensation Committee to grant deferred share units to members of the Board, who are not also full-time employees of Peyto.

The purposes of the DSU Plan are to: (i) promote greater alignment of the interests between Peyto's directors and Peyto's shareholders; (ii) support compensation that is competitive and rewards our long-term success as measured in total shareholder return; and (iii) attract and retain qualified individuals with the experience and ability to serve as directors. In addition, the DSU Plan has been designed to reduce the amount of cash compensation paid to non-executive directors of Peyto.

The DSU Plan is administered by the Compensation Committee. Subject to the Compensation Committee's reporting to and obtaining approval from the Board on all matters relating to the DSU Plan, the Compensation Committee has sole and absolute discretion to administer the DSU Plan.

Participants will receive a minimum of 50% of their annual retainer remuneration, to a maximum of \$150,000 in value, that is otherwise payable in cash in the form of deferred share units. Additionally, the Compensation Committee may also from time to time determine that special circumstances justify the approval of a grant of deferred share units in addition to the other compensation to which the participant is entitled.

Deferred share units are not transferable or assignable.

Subject to an extension for blackouts, the Corporation will credit deferred share units to a participant's deferred share unit account on the date that the remuneration would otherwise be payable (see "*Statement of Executive Compensation – Directors' Compensation*"). The number of deferred share units credited is determined by dividing the amount of the participant's deferred remuneration by the fair market value (as defined in the DSU Plan) of the common shares on the date the deferred share units are credited.

The number of common shares reserved for issuance from time to time pursuant to outstanding deferred share units granted and outstanding under the DSU Plan and all other established or proposed security-based compensation arrangements of Peyto (including the Option Plan) is limited to 16,487,418 common shares.

If any deferred share units granted under the DSU Plan expire, terminate or are cancelled for any reason without the common shares issued thereunder having been issued in full, any unissued common shares to which such deferred share units relate shall be awardable for the purposes of granting of further deferred share units.

The aggregate number of deferred share units granted to any single participant cannot exceed 1% of the issued and outstanding common shares. In addition, the value of all deferred share units granted to any participant during a calendar

year, as calculated on the grant date (excluding deferred share units granted in lieu of Board and committee retainers and meeting fees), under the DSU Plan and combined with the value of grants to such participant under all other established or proposed security-based compensation arrangements of Peyto, shall not exceed \$150,000 in value.

The number of common shares that are available to be issued to insiders within one year pursuant to the DSU Plan and combined with all other established or proposed security-based compensation arrangements of Peyto, and issuable to insiders at any time, under the DSU Plan and combined with all other established or proposed security-based compensation arrangements of Peyto (including the Option Plan), shall not exceed 10% of the issued and outstanding common shares. Additionally, the number of common shares that are available to be issued to any one insider and such insider's associates within any one-year period under the DSU Plan and combined with all other established or proposed security-based compensation arrangements of Peyto (including the Option Plan), shall not exceed 10% of the issued and outstanding common shares.

Dividends paid on the common shares before the maturity date of the deferred share units will be credited as deferred share units to the participant's account as of the dividend payment date and such additional deferred share units shall be subject to the same terms regarding vesting and payment date as the underlying deferred share units to which they relate.

In the event that the Corporation determines to pay a non-cash dividend on the common shares, the Board may, in its sole discretion and subject to TSX approval, determine that this non-cash dividend, or cash equivalent amount determined in the sole discretion of the Board, can also be provided to participants under the DSU Plan in the same manner as such non-cash dividend is provided to shareholders. In such an event, participants would receive such non-cash dividend at the same time as the shareholders and there would be no credit of deferred share units to any participant's account. If a participant does not participate in a non-cash dividend, the Board will, in its sole discretion, determine the cash value of such non-cash dividend and credit it as deferred share units to the participant's account. The Corporation does not expect to declare non-cash dividends to its shareholders.

Deferred share units vest immediately upon being credited to a participant's account.

Following the date on which the participant ceases to hold all positions with us and our subsidiaries, partnerships, trusts or other controlled entities (the "**Termination Date**"), except as a result of death, all deferred share units credited to a participant's account will be redeemed as of the maturity date. The maturity date for US taxpayers is the Termination Date.

For directors who are not US taxpayers, the maturity date is December 1st of the calendar year immediately following the year of the Termination Date. Directors may file an irrevocable maturity date acceleration election subsequent to the Termination Date. Subject to the exceptions below, the elected maturity date must be no earlier than 180 days after the Termination Date and no later than December 1st of the calendar year following the Termination Date. The elected maturity date may be any time between the Termination Date and December 1st of the following calendar year, if one of the following exceptions apply: (i) the director resigns pursuant to the "majority voting" or similar policy; (ii) the director fails to be elected as a director at a shareholder meeting after being included as a nominee in our information circular; or (iii) the director is removed from office by a vote of shareholders.

Following a participant's Termination Date except as a result of death, the participant will have the right to have the deferred share units credited to their account redeemed by us. All deferred share units and dividend entitlements thereon (if any) will be redeemed for a cash payment except that, at our election, we may redeem deferred share units and dividend entitlements thereon (if any) issued as compensation for annual board and committee retainers and meeting attendance fees, in cash or through the issuance of common shares from treasury or purchased on the market and any combination of these. The cash payment will be equal to the number of deferred share units and dividend entitlements thereon (if any) in the participant's account as of the Termination Date, multiplied by the fair market value of our common shares determined at the maturity date.

If a participant dies while in office or after the Termination Date but before the maturity date, we must make a lump sum cash payment to the participant's legal representative within 90 days of the participant's death. The cash payment will be equal to the number of deferred share units in the participant's account as of the date of the participant's death, multiplied by the fair market value of our common shares determined at the date of death.

Participants have no further rights respecting any redeemed deferred share units. Deferred share units are deemed cancelled upon redemption.

The DSU Plan may be amended, modified or terminated by our board of directors without shareholder approval, subject to any required approval of the TSX. Notwithstanding the foregoing, the DSU Plan and any deferred share units granted under the plan may not be amended without shareholder approval to: (i) increase the fixed number of common shares available to be issued under outstanding deferred share units at any time; (ii) extend the term of any outstanding deferred share units; (iii) permit a holder to transfer or assign deferred share units to a new beneficial holder other than in the case of death of the holder; (iv) increase the number of common shares that may be issued to participants above the restrictions in the DSU Plan; (v) increase the number of common shares that may be issued to insiders above the restriction contained in the DSU Plan; or (vi) amend the amendment provision.

In addition, no amendment to the DSU Plan or deferred share units granted pursuant to the plan may be made without the consent of the holder, if it adversely alters or impairs any right previously granted to such holder under the DSU Plan.

The DSU Plan also contains anti-dilution provisions which allow the Board to make such adjustments to the DSU Plan and to any deferred share units as the Board may, in its sole discretion, consider appropriate in the circumstances to prevent dilution or enlargement of the rights granted to participants thereunder, as well as specific considerations for any participants who are US taxpayers.

Directors' Summary Compensation Table

The following chart highlights all the payments made to the Corporation's directors for the 2024 year:

Name	2024 Fees Earned Fixed (\$)	Share-Based Awards (DSUs) (\$)⁽¹⁾	Option-Based Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Pension Value (\$)	All Other Compensation (\$)	Total (\$)
Donald Gray	97,500	146,250	-	-	-	-	243,750
Michael MacBean	77,500	106,250	-	-	-	-	183,750
Brian Davis	72,500	106,250	-	-	-	-	178,750
John W. Rossall	43,750	135,000	-	-	-	-	178,750
Debra Gerlach	77,500	111,250	-	-	-	-	188,750
Darren Gee	67,500	101,250	-	-	-	-	168,750
Jocelyn McMinn	72,500	106,250	-	-	-	-	178,750
Nicki Stevens	67,500	106,250	-	-	-	-	173,750

Note:

- (1) The value of DSUs is based on the number of DSUs granted multiplied by the 5-day volume weighted average price per common share on the TSX prior to the date of the grant. This methodology for calculating the fair value of the DSU awards on the grant date is consistent with the initial fair value determined in accordance with IFRS 2.

Directors' Outstanding Option-Based Awards and Share-Based Awards

Other than the DSUs, there are no option-based or share-based awards outstanding to non-executive directors as at December 31, 2024. The following table sets forth all DSUs held by non-executive directors at the end of the year ended December 31, 2024.

Name	Number of DSUs ⁽¹⁾	Market or Payout Value of Vested DSUs Not Paid Out (\$) ⁽¹⁾
Donald Gray	87,937	1,507,240
Michael MacBean	67,926	1,164,252
Brian Davis	63,776	1,093,121
John W. Rossall	67,801	1,162,109
Debra Gerlach	17,482	299,641
Darren Gee	13,444	230,430
Jocelyn McMinn	14,019	240,286
Nicki Stevens	7,668	131,430

Note:

- (1) Calculated based on the number of DSUs held as of December 31, 2024 multiplied by the closing price per common share on the TSX on the last trading day of 2024, being December 31, 2024 (\$17.14).

Directors' Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets forth for each director, the value of DSUs which vested during the year ended December 31, 2024 and the value of non-equity incentive plan compensation earned during the year ended December 31, 2024. There are no other option-based or share-based awards outstanding as to non-executive directors at December 31, 2024.

Name	Option-Based Awards – Value Vested During the Year (\$)	Share-Based Awards – Value Vested During the Year (\$) ⁽¹⁾	Non-Equity Incentive Plan Compensation – Value Earned During the Year (\$)
Donald Gray	-	146,250	-
Michael MacBean	-	106,250	-
Brian Davis	-	106,250	-
John W. Rossall	-	135,000	-

Name	Option-Based Awards – Value Vested During the Year (\$)	Share-Based Awards – Value Vested During the Year (\$) ⁽¹⁾	Non-Equity Incentive Plan Compensation – Value Earned During the Year (\$)
Debra Gerlach	-	111,250	-
Darren Gee	-	101,250	-
Jocelyn McMinn	-	106,250	-
Nicki Stevens	-	106,250	-

Note:

- (1) Calculated based on the number of DSUs granted multiplied by the 5-day volume weighted average price per common share on the TSX on the prior to the grant date.

Liability Insurance of Directors and Officers and Indemnification

Peyto maintains directors' and officers' liability insurance coverage, in the amount of \$80 million, for losses to Peyto if it is required to reimburse directors and officers, where permitted, and for direct indemnity of directors and officers where corporate reimbursement is not permitted by law. The insurance protects Peyto against liability (including costs), subject to standard policy exclusions, which may be incurred by directors and/or officers acting in such capacity for Peyto. All directors and officers of Peyto are covered by the policy and the amount of insurance applies collectively to all. The cost of this insurance policy is currently \$257,000 per annum.

In addition, Peyto has entered into indemnification agreements with its directors and officers. The indemnification agreements generally require that Peyto indemnify and hold the indemnitees harmless to the greatest extent permitted by law for liabilities arising out of the indemnitees' service to Peyto as directors and officers, if the indemnitees acted honestly and in good faith with a view to the best interests of Peyto and, with respect to criminal or administrative actions or proceedings that are enforced by monetary penalty, if the indemnitee had no reasonable grounds to believe that their conduct was unlawful. The indemnification agreements also provide for the advancement of defence expenses to the indemnitees by Peyto.

Director and Officer Equity Ownership

The Board has adopted share ownership guidelines to encourage alignment with the interests of shareholders by requiring its directors and management to build and hold equity in the Corporation in accordance with prescribed guidelines. The Board has determined that each non-executive director must hold a minimum number of common shares representing three times their total annual cash retainer, which minimum level of ownership must be achieved by each new director within three years of such director's appointment or election to the Board. Officers of the Corporation are required, within three years of their executive appointment, to accumulate a multiple of their annual salary in the form of common shares, as follows: CEO (five times); and other executive officers (three times). For directors, share-based compensation arrangements in the form of DSUs may be counted in determining if their ownership target has been achieved. The valuation of the common shares is determined on an annual basis as the fair market value at the closing trading price of the common shares on the TSX on December 31 or last day on which the common shares traded on such exchange prior to December 31.

The following tables set out the value of the holdings of each of Peyto's directors and officers based on the closing price of the common shares on the TSX on the last trading day of 2024, being \$17.14 per common share on December 31, 2024.

Non-Executive Directors

Director	Equity Ownership Guideline		Shareholdings				Guideline Met or Investment Required to Meet Guideline (\$)
	Multiple of Annual Cash Compensation	Amount of Annual Cash Compensation Retainer (\$)	Common Shares Held as at December 31, 2024	DSUs ⁽¹⁾	Holdings as Multiple of Retainer	Value of Equity Holdings (\$)	
Donald Gray	3x	97,500	1,288,236	87,937	242x	23,587,605	Guideline Met
Michael MacBean	3x	77,500	84,320	67,926	34x	2,609,496	Guideline Met
Brian Davis	3x	72,500	217,240	63,776	66x	4,816,614	Guideline Met
John W. Rossall	3x	43,750	144,820	67,801	83x	3,644,324	Guideline Met
Debra Gerlach	3x	77,500	9,500	17,482	6x	462,471	Guideline Met
Darren Gee	3x	67,500	2,349,192	13,444	600x	40,495,581	Guideline Met
Jocelyn McMinn	3x	72,500	12,610	14,019	6x	456,421	Guideline Met
Nicki Stevens	3x	67,500	13,590	7,668	5x	364,362	Guideline Met

Notes:

- (1) The number of DSUs reflects dividends paid on Common Shares to December 31, 2024.

Officers

Officer	Equity Ownership Guideline		Shareholdings			Guideline Met or Investment Required to Meet Guideline ⁽¹⁾
	Multiple of Annual Compensation	Amount of Annual Base Salary (\$)	Common Shares	Holdings as Multiple of Retainer	Value of Equity Holdings (\$)	
Jean-Paul Lachance	5x	342,000	515,143	26x	8,829,551	Guideline Met
Tavis Carlson	3x	266,500	47,635	3x	816,464	Guideline Met
Riley Frame	3x	269,000	101,374	6x	1,737,550	Guideline Met
Lee Curran	3x	269,000	379,098	24x	6,497,740	Guideline Met
Derick Czember	3x	259,000	75,647	5x	1,296,590	Guideline Met

Note:

- (1) Executive officers have three years from their appointment to meet the target common share ownership.

The following tables set out each current directors' and officers' equity ownership interest in Peyto and any changes in ownership interests since April 4, 2024. Market value of equity calculated using the closing price per common share on April 2, 2025 (\$18.53).

Non-Executive Directors

	Directors' Equity Ownership and Changes Therein			Market Value of Equity Holdings as at April 2, 2025 (\$)
	Equity Ownership as at April 4, 2024	Equity Ownership as at April 2, 2025	Net Change in Equity Ownership	
Director	Common Shares	Common Shares	Common Shares	
Donald Gray	1,288,236	1,430,136	141,900	26,500,420
Michael MacBean	114,820	84,320	(30,500)	1,562,450
Brian Davis	217,240	217,240	-	4,025,457
John W. Rossall	144,820	144,820	-	2,683,515
Debra Gerlach	9,500	9,500	-	176,035
Darren Gee	2,349,192	2,349,192	-	43,530,528
Jocelyn McMinn	12,610	12,610	-	233,663
Nicki Stevens	-	13,590	13,590	251,823

Officers

	Officers' Equity Ownership and Changes Therein			Market Value of Equity Holdings as at April 2, 2025 (\$)
	Equity Ownership as at April 4, 2024	Equity Ownership as at April 2, 2025	Net Change in Equity Ownership	
Officer	Common Shares	Common Shares	Common Shares	
Jean-Paul Lachance	460,143	525,143	65,000	9,730,900
Tavis Carlson	23,120	51,735	28,615	958,650
Riley Frame	93,399	101,374	7,975	1,878,460
Lee Curran	379,098	381,914	2,816	7,076,866
Derick Czember	72,177	75,647	3,470	1,401,739

Securities Authorized for Issuance Under Equity Compensation Plans

The following sets forth information in respect of securities authorized for issuance under the Corporation's equity compensation plans as at December 31, 2024.

Securities Authorized for Issuance Under Equity Compensation Plans

Plan Category	Number of securities to be issued upon exercise of outstanding Options, warrants and rights (a)	Weighted average exercise price of outstanding Options, warrants and rights (\$) (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c) ⁽¹⁾
Equity compensation plans approved by securityholders ⁽¹⁾	11,600,710	13.85	8,182,238
Equity compensation plans not approved by securityholders	-	-	-
Total	11,600,710	13.85	8,182,238

Note:

- (1) The total dilution from the Option Plan and the DSU Plan is limited, in the aggregate, to such number of common shares as is equal to 10% of the number of issued and outstanding common shares outstanding from time to time. For a summary of the Option Plan and the DSU Plan, see "Statement of Executive Compensation – Compensation Discussion and Analysis – Option Plan", and "Statement of Executive Compensation – Directors' Compensation – DSU Plan", respectively.

Annual Burn Rate Under Equity Compensation Plans

The following sets forth the number of Options granted under the Option Plan and DSUs granted under the DSU Plan during the period noted below and the potential dilutive effect of such Options and Rights.

Period	Number of Rights Granted	Number of Options and DSUs Granted	Weighted Average Common Shares Outstanding⁽¹⁾	Burn Rate⁽²⁾⁽³⁾ (%)
2024	-	6,684,543	195,737,374	3
2023	-	5,565,095	178,894,013	3
2022	-	5,912,742	170,739,471	3

Notes:

- (1) Pursuant to the requirements of the TSX, the weighted average number of common shares outstanding during the period is the number of common shares outstanding at the beginning of the period, adjusted by the number of common shares bought back or issued during the period multiplied by a time-weighting factor. The time-weighting factor is the number of days that the common shares are outstanding as a proportion of the total number of days in the period.
- (2) The burn rate for a given period is calculated by dividing the number of Options subject to the Option Plan and DSUs subject to the DSU Plan granted during such period by the weighted average number of common shares outstanding during such period.
- (3) Peyto's Options vest one-third (1/3) on each of the first, second and third anniversary dates of the date of grant and expire 30 days after vest date. This differs from many of Peyto's peers that have stock option plans with five-year expiry dates. As a result, actual dilution from the Company's stock option plan can vary significantly from the Burn Rate. The following table summarizes Peyto's actual dilution from the Company's stock option plan in the past three years:

	Number of Shares Issued from Option Exercises	Weighted Average Common Shares Outstanding	Dilution (%)
2024	4,150,505	195,737,374	2
2023	3,249,239	178,894,013	2
2022	5,071,238	170,739,471	3

For further information regarding the outstanding Options and Rights held by the Named Executive Officers, see "Statement of Executive Compensation – Incentive Plan Awards" and for further information regarding the outstanding DSUs held by directors, see "Statement of Executive Compensation – Directors' Compensation – DSU Plan".

CORPORATE GOVERNANCE PRACTICES

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**") requires that if management of an issuer solicits proxies from its securityholders for the purpose of electing directors that certain prescribed disclosure respecting corporate governance matters be included in its management information circular. The TSX also requires listed companies to provide, on an annual basis, the corporate governance disclosure which is prescribed by NI 58-101.

The prescribed corporate governance disclosure for the Corporation is that contained in Form 58-101F1 which is attached to NI 58-101 ("**Form 58-101F1 Disclosure**").

Set out below is a description of the Corporation's current corporate governance practices, relative to the Form 58-101F1 Disclosure.

1. **Board of Directors**

(a) **Disclose the identity of directors who are independent.**

The following seven (7) directors of the Corporation are independent (for purposes of NI 58-101):

Donald Gray (Chairman)
Michael MacBean (Lead Director)
Brian Davis
John W. Rossall
Debra Gerlach
Jocelyn McMinn
Nicki Stevens

For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with the Corporation which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgement. Mr. Gray ceased to be the President and CEO of the Corporation in 2006, which was over 18 years ago. Peyto's Nominating Committee, as well as the Board as a whole, have reviewed and considered the relationship of Mr. Gray to the Corporation, including the statutory guidance with respect to the meaning of independence contained in NI 58-101 and, specifically, the period of time that has elapsed since Mr. Gray was an executive officer of the Corporation. As a result of such review and consideration, both the Nominating Committee and the Board have determined that this relationship does not interfere with the exercise of the independent judgement of Mr. Gray in his role as a member of the Board.

Seven (7) of the nine (9) directors are independent directors.

(b) **Disclose the identity of directors who are not independent, and describe the basis for that determination.**

Darren Gee is not independent as he was the CEO of the Corporation until January 1, 2023.

Jean-Paul Lachance is not independent as he occupies the position of President and CEO of the Corporation.

(c) **Disclose whether or not a majority of directors are independent. If a majority of directors are not independent, describe what the board of directors (the Board) does to facilitate its exercise of independent judgement in carrying out its responsibilities.**

A majority of the directors of the Corporation (currently seven (7) of nine (9)) are independent (for purposes of NI 58-101).

For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with the Corporation which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgement. Mr. Gray ceased to be the President and CEO of the Corporation in 2006, which was over 18 years ago. Peyto's Nominating Committee, as well as the Board as a whole, have reviewed and considered the relationship of Mr. Gray to the Corporation, including the statutory guidance with respect to the meaning of independence contained in NI 58-101 and, specifically, the period of time that has elapsed since Mr. Gray was an executive officer of the Corporation. As a result of such review and consideration, both the Nominating Committee and the Board have determined that this relationship does not interfere with the exercise of the independent judgement of Mr. Gray in his role as a member of the Board.

- (d) **If a director is presently a director of any other issuer that is a reporting issuer (or the equivalent) in a jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.**

The following directors are presently directors of other issuers that are reporting issuers (or the equivalent):

<u>Name of Director</u>	<u>Name of Other Reporting Issuers</u>
Donald Gray	Lotus Creek Exploration Inc. Petrus Resources Ltd.
Mick MacBean	TerraVest Industries Inc.
Debra Gerlach	Birchcliff Energy Ltd.

The Board's mandate does not specifically prohibit interlocking board positions. The Board prefers to examine each situation on its own merits with a view to examine material relationships which may affect independence. As at the date hereof, there were no interlocking board memberships among Peyto's directors.

- (e) **Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the Board does to facilitate open and candid discussion among its independent directors.**

At the end of or during each meeting of the Board, the members of management of the Corporation and the non-independent directors of the Corporation who are present at such meeting leave the meeting in order for the independent directors to meet. In addition, as the Nominating Committee is comprised of all the independent directors, it also serves as a forum for discussion amongst independent members of the Board. Further, other meetings of the independent directors may be held from time to time if required. The Chairs of the Board and the Board committees follow up with the President and CEO as necessary with respect to matters requiring management action that are raised at these in-camera meetings. The Chairman of the Board also communicates informally, from time to time, with the independent members. Additionally, the Board also excuses members of management and any non-independent directors from portions of any meeting at which a potential conflict arises or where otherwise appropriate. One (1) meeting of only the independent directors has been held since the beginning of the Corporation's most recently completed financial year.

- (f) **Disclose whether or not the chair of the Board is an independent director. If the Board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe their role and responsibilities. If the Board has neither a chair that is independent nor a lead director that is independent, describe what the Board does to provide leadership for its independent directors.**

The Chairman of the Board is Donald Gray, who is an independent member of the Board. The Chairman presides at all meetings of the Board and, unless otherwise determined, at all meetings of shareholders and acts to enforce the rules of order in connection with such meetings. The Chairman is to provide overall leadership to the Board without limiting the principle of collective responsibility and the ability of the Board to function as a unit. The Chairman is to endeavour to fulfill their Board responsibilities in a manner that will ensure that the Board is able to function independently of management and is to consider, and allow for, when appropriate, a meeting of independent directors, so that Board meetings can take place without management being present. The Chairman is also to endeavour to ensure that reasonable procedures are in place to allow directors to engage outside advisors at the expense of the Corporation in appropriate circumstances.

Notwithstanding that the Chairman of the Board is independent, Michael MacBean, an independent member of the Board, has been appointed as Lead Director. Among other things, the Lead Director assists the Chairman in endeavouring to ensure that the Board leadership responsibilities are conducted in a manner that will ensure that the Board is able to function independently of management.

(g) **Disclose the attendance record of each director for all Board meetings held since the beginning of the issuer's most recently completed financial year.**

The attendance record of each of the directors of the Corporation for Board meetings and committee meetings held since January 1, 2024, is as follows:

<u>Name of Director</u>	<u>Attendance Record</u>	
Darren Gee	6 out of 6	Board Meetings
	2 out of 2	Health and Safety Committee
	2 out of 2	Environmental, Social and Governance Committee Meetings
	1 out of 1	Reserves Committee Meetings
Don Gray	6 out of 6	Board Meetings
Michael MacBean	6 out of 6	Board Meetings
	4 out of 4	Audit Committee Meetings
	2 out of 2	Environmental, Social and Governance Committee Meetings
	3 out of 3	Compensation Committee Meetings
	1 out of 1	Nominating Committee Meetings
Brian Davis	6 out of 6	Board Meetings
	4 out of 4	Audit Committee Meetings
	2 out of 2	Health and Safety Committee Meetings
	1 out of 1	Nominating Committee Meetings
	1 out of 1	Reserves Committee Meetings
John W. Rossall	6 out of 6	Board Meetings
	4 out of 4	Audit Committee Meetings
	2 out of 2	Health and Safety Committee Meetings
	3 out of 3	Compensation Committee Meetings
	1 out of 1	Reserves Committee Meetings
Debra Gerlach	6 out of 6	Board Meetings
	4 out of 4	Audit Committee Meetings
	2 out of 2	Environmental, Social and Governance Committee Meetings
	3 out of 3	Compensation Committee Meetings
	1 out of 1	Reserves Committee Meetings
Jean-Paul Lachance	6 out of 6	Board Meetings
Jocelyn McMinn ⁽¹⁾	6 out of 6	Board Meetings
	2 out of 2	Audit Committee Meetings
	1 out of 1	Health and Safety Committee Meetings
	1 out of 1	Nominating Committee Meetings
	2 out of 2	Environmental, Social and Governance Committee Meetings
	3 out of 3	Compensation Committee Meetings

<u>Name of Director</u>	<u>Attendance Record</u>	
Nicki Stevens	6 out of 6	Board Meetings
	2 out of 2	Health and Safety Committee Meetings
	1 out of 1	Nominating Committee Meetings
	2 out of 2	Environmental, Social and Governance Committee Meetings
	1 out of 1	Reserves Committee Meetings

Notes:

- (1) Ms. McMinn was appointed as a member of the Audit Committee on July 1, 2024 and ceased to be a member of the Health and Safety Committee on July 1, 2024.

2. **Board Mandate – Disclose the text of the Board's written mandate. If the Board does not have a written mandate, describe how the Board delineates its role and responsibilities.**

The mandate of the Board is attached to this information circular – proxy statement at Schedule "B".

3. **Position Descriptions**

- (a) **Disclose whether or not the Board has developed written position descriptions for the chair and the chair of each Board committee. If the Board has not developed written position descriptions for the chair and/or the chair of each Board committee, briefly describe how the Board delineates the role and responsibilities of each such position.**

The Board has developed written position descriptions for the Chairman of the Board as well as the Chairman of each of the committees of the Board. The position descriptions are available on the Corporation's website under the heading "Corporate Responsibility".

- (b) **Disclose whether or not the Board and Chief Executive Officer have developed a written position description for the Chief Executive Officer. If the Board and Chief Executive Officer have not developed such a position description, briefly describe how the Board delineates the role and responsibilities of the Chief Executive Officer.**

The Board, with the input of the CEO, has developed a written position description for the CEO. The position description is available on the Corporation's website under the heading "Corporate Responsibility".

4. **Orientation and Continuing Education**

- (a) **Briefly describe what measures the Board takes to orient new directors regarding (i) the role of the Board, its committees and its directors, and (ii) the nature and operation of the issuer's business.**

As new directors join the Board, management provides these individuals with the Corporation's corporate policies, historical information about the Corporation, as well as information on the Corporation's performance and its strategic plan with an outline of the general duties and responsibilities entailed in carrying out their duties. The Board believes that these procedures are a practical and effective approach in light of the Corporation's particular circumstances, including the size of the Corporation, limited turnover of the directors and the experience and expertise of the members of the Board.

- (b) **Briefly describe what measures, if any, the Board takes to provide continuing education for its directors. If the Board does not provide continuing education, describe how the Board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.**

Presentations are made regularly to the Board and committees to educate and inform them of changes within the Corporation and on appropriate other subjects such as regulatory and industry requirements and standards, capital markets, cybersecurity, commodity pricing and corporate governance. Management provides updates to the Board regarding cybersecurity and information security on an annual basis.

The Audit Committee has quarterly presentations on emerging trends and issues in the accounting and audit fields from management and the auditor of the Corporation is present at all audit committee meetings. The Board has quarterly presentations on operational results and technical and regulatory issues pertaining to reserves evaluation from management and the independent reserves evaluator is present at a minimum of one of the Board meetings each year. The Board also receives quarterly updates from Burnet, Duckworth & Palmer LLP on material changes in securities regulation and other corporate matters. Management provides the Board with an annual update on corporate governance "best practices" from third party publications as well as quarterly reports on new legislation or regulation relating to health, safety and environmental matters.

The Corporation also encourages directors to attend, enrol or participate in courses and/or seminars dealing with financial literacy, corporate governance and related matters and has agreed to pay the cost of such courses and seminars. Each director of the Corporation has the responsibility for ensuring that they maintain the skill and knowledge necessary to meet their obligations as a director. The Board has determined that all members of the Audit Committee are financially literate as described in National Instrument 52-110—*Audit Committees*. Debra Gerlach and Michael MacBean meet the widely accepted governance definition of "financial expert" having each earned a professional accounting designation and having extensive relevant career experience. Additionally, Mr. MacBean and Ms. McMinn both received their Chartered Directors (C. Dir) designation from McMaster University, and Ms. Gerlach completed the Chartered Professional Accountants of Canada Audit Committee Certificate.

5. Ethical Business Conduct

- (a) **Disclose whether or not the Board has adopted a written code for the directors, officers and employees. If the Board has adopted a written code:**

The Corporation has adopted a Code of Business Conduct and Ethics for directors, officers and employees (the "Code").

- (i) **disclose how a person or company may obtain a copy of the code;**

A copy of the Code may be obtained by contacting the Manager, Human Resources of the Corporation at (mwiwchar@peyto.com) and is also available on SEDAR+ at www.sedarplus.ca or on the Corporation's website under the heading "Corporate Responsibility".

- (ii) **describe how the Board monitors compliance with its code, or if the Board does not monitor compliance, explain whether and how the Board satisfies itself regarding compliance with its code; and**

The Board monitors compliance with the Code by requiring each of the executive officers of the Corporation to affirm in writing on an annual basis their agreement to abide by the Code, as to their ethical conduct and with respect to any conflicts of interest. Please also see item 5(c) below for a discussion of the Corporation's whistleblower policy.

- (iii) **provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.**

There have been no material change reports filed since the beginning of the Corporation's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

- (b) **Describe any steps the Board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.**

In accordance with the ABCA, directors who are a party to, or are a director or an officer of a person which is a party to, a material contract or material transaction or a proposed material contract or proposed material transaction are required to disclose the nature and extent of their interest and not to vote on any resolution to approve the contract or transaction. In addition, in certain cases, an independent committee of the Board may be formed to deliberate on such matters in the absence of the interested party.

- (c) **Describe any other steps the Board takes to encourage and promote a culture of ethical business conduct.**

In addition to the Code, the Board has also adopted a "Whistleblower Policy" wherein employees and consultants of the Corporation are provided with the mechanics by which they may raise concerns about incorrect financial reporting, unlawful activities, actions that violate the Code and any other serious improper conduct in a confidential, anonymous process. A copy of this policy is available on the Corporation's website under the heading "Corporate Responsibility".

6. **Nomination of Directors**

- (a) **Describe the process by which the Board identifies new candidates for Board nomination.**

The Nominating Committee is responsible for recommending suitable candidates as nominees for election or appointment as director and recommending the criteria governing the overall composition of the Board and governing the desirable characteristics for directors. In making such recommendations, the Nominating Committee is to consider: (i) the competence and skills that the Board considers to be necessary for the Board, as a whole, to possess; (ii) the competence and skills that the Board considers each existing director to possess; (iii) the competencies and skills that each new nominee will bring to the Board; (iv) the Corporation's Board Diversity Policy; and (v) whether or not each new nominee can devote sufficient time and resources to their duties as a member of the Board. The Board has adopted the Board Renewal Policy. See item 10 below.

The Board and Nominating Committee regularly discuss and evaluate the experience, qualification and skills of our directors with a view to ensuring the appropriate skill and experience profile is represented at the Board and committee level. See "*Matters to be Acted Upon at the Meeting – Election of Directors – Experience and Background of Directors*". Some of the key competencies that the Corporation believes directors should have are: corporate executive experience, capital markets experience, crude oil and natural gas operational experience, crude oil and natural gas contracts and land experience, financial acumen and expertise, and knowledge in the areas of compensation, governance and health, safety and environment. Character and behavioral qualities including credibility, integrity, professionalism and communication skills are also important attributes taken into account when recruiting new directors. The Nominating Committee also reviews on a periodic basis the composition of the Board to ensure that an appropriate number of independent directors sit on the Board and analyze the needs of the Board and recommend nominees who meet such needs. The Chairman and CEO from time to time arrange meetings with such candidates to determine interest and availability with a view to making recommendations to the Board if and when appropriate. When necessary, the Nominating

Committee may engage the services of a search firm to assist them in the identification of director candidates with the necessary skills or experience the Board requires.

The Board has adopted a majority voting policy, which provides that if a nominee for election as a director receives a greater number of votes "withheld" than votes "for" at an uncontested meeting of the shareholders of the Corporation, such nominee shall offer their resignation as a director to the Board promptly following the meeting of shareholders at which the director was elected. Upon receiving such offer of resignation, the Nominating Committee will consider such offer and make a recommendation to the Board whether to accept it or not. In the absence of special circumstances, it is expected that the Board will accept the resignation consistent with an orderly transition. The director will not participate in any Nominating Committee or Board deliberations on the resignation offer. It is anticipated that the Board will make its decision to accept or reject the resignation within 90 days. See "*Matters to be Acted Upon at the Meeting – Election of Directors – Majority Voting for Directors*".

In addition, the Corporation's By-laws include Advance Notice Provisions designed to: (i) facilitate an orderly and efficient annual meeting or, where the need arises, special meeting, process; (ii) ensure that all shareholders receive adequate notice of director nominations and sufficient information with respect to all nominees; and (iii) allow shareholders to register an informed vote having been afforded reasonable time for appropriate deliberation. As a whole, these provisions are intended to provide shareholders, directors and management of the Corporation with a clear framework for nominating directors. See "*Matters to be Acted Upon at the Meeting – Election of Directors – Advance Notice Provisions*" for a detailed description of the Advance Notice Provisions.

- (b) **Disclose whether or not the Board has a nominating committee composed entirely of independent directors. If the Board does not have a nominating committee composed entirely of independent directors, describe what steps the Board takes to encourage an objective nomination process.**

The Nominating Committee, which is responsible for nominating directors, is comprised of only independent directors.

- (c) **If the Board has a nominating committee, describe the responsibilities, powers and operation of the nominating committee.**

See item 6(a) above.

7. Compensation

- (a) **Describe the process by which the Board determines the compensation for the issuer's directors and officers.**

Compensation of Directors

The Compensation Committee conducts a yearly review of directors' compensation having regard to various reports on current trends in directors' compensation and compensation data for directors of reporting issuers of comparative size to the Corporation.

Please also see discussion under the heading "*Statement of Executive Compensation – Directors' Compensation*".

Compensation of Officers

The Chairman of the Compensation Committee has ongoing communication with the CEO regarding compensation matters for the upcoming fiscal year. After such background communication, the two meet in person to discuss compensation matters, with the Chairman and the CEO striving to ensure that executive compensation is consistent with the general principles as set forth under the heading "*Statement of Executive Compensation – Compensation Discussion and Analysis – Executive and Employee Compensation Principles and Strategy*". The Chairman and CEO go through the proposed

compensation for each executive officer, other than the CEO, including salary and participation levels in the bonus plans. The Chairman then meets with the other members of the Compensation Committee and briefs them on the discussions held with the CEO. The full Compensation Committee discuss the proposed executive officer compensation, in light of the strategic, operating and financial objectives of the Corporation as well as industry norms and conditions. If general or specific issues are raised, the Compensation Committee will debate them. The full Compensation Committee then meets with the CEO to discuss such matters and raise any questions or issues they may have regarding executive compensation. In light of the Corporation's size and small number of employees, these meetings allow the Compensation Committee to get a sense of the practical issues involved in determining compensation levels for executives. The Compensation Committee then deals specifically with setting the compensation of the CEO. The Compensation Committee then discusses and debates, as necessary, the specific executive officer compensation proposals. If further clarification is necessary, the Chairman will ask the CEO for information. Once compensation levels are agreed to by the members of the Compensation Committee, they are formally approved.

Please also see discussion under the heading "*Statement of Executive Compensation – Compensation Discussion and Analysis – Executive and Employee Compensation Principles and Strategy*", "*Statement of Executive Compensation – Compensation Discussion and Analysis – CEO Compensation*" and "*Statement of Executive Compensation – Compensation Discussion and Analysis – Three Year Named Executive Officer Compensation Versus Financial Measures*".

- (b) **Disclose whether or not the Board has a compensation committee composed entirely of independent directors. If the Board does not have a compensation committee composed entirely of independent directors, describe what steps the Board takes to ensure an objective process for determining such compensation.**

The Compensation Committee is comprised entirely of independent directors.

- (c) **If the Board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.**

The Compensation Committee's responsibility is to formulate and make recommendations to the Board in respect of compensation issues relating to directors and officers of the Corporation. Without limiting the generality of the foregoing, the Compensation Committee has the following duties:

- (i) advise the Board on executive compensation matters;
- (ii) review and recommend a compensation philosophy, guidelines and plans for the Corporation's executives and employees;
- (iii) review and approve corporate goals and objectives relevant to CEO compensation;
- (iv) evaluate the CEO's performance in light of those goals, and make recommendations to the Board with regard to the CEO's compensation based on this evaluation;
- (v) in consultation with the CEO, review and approve non-CEO compensation, incentive-compensation plans, and equity-based plans;
- (vi) review and approve all discretionary compensation granted;
- (vii) review and approve fees to be paid to members of the Board;
- (viii) review executive compensation disclosure before it is publicly disclosed; and
- (ix) be the forum for meetings of all independent directors of the Corporation.

The Compensation Committee is required to be comprised of at least three directors, or such greater number as the Board may determine from time to time. All members of the Compensation Committee are required to be independent, as such term is defined for this purpose under applicable securities law requirements. Pursuant to the mandate and terms of reference of the Compensation Committee, meetings of the Compensation Committee are to take place at least two times per year and at such other times as the Chairman of the Compensation Committee may determine.

- (d) **If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the work.**

A compensation consultant or advisor has not, at any time since the beginning of the Corporation's most recently completed financial year, been retained to assist in determining compensation for any of the Corporation's directors and officers. In 2023, however, the Compensation Committee engaged Mercer to advise on employee compensation.

8. **Other Board Committees – If the Board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.**

In addition to the Audit Committee, the Compensation Committee, the Nominating Committee, the Corporation has established a Reserves Committee, a Health and Safety Committee and an Environmental, Social and Governance Committee.

Reserves Committee

The Reserves Committee is comprised of five directors, a majority of which are independent.

The Reserves Committee is responsible for various matters, including relating to reserves of the Corporation that may be delegated to the Reserves Committee pursuant to National Instrument 51-101 – *Standards of Disclosure for Oil and Gas Activities* ("NI 51-101") and health, safety, environment and sustainability, including:

- (a) reviewing the Corporation's procedures relating to the disclosure of information with respect to oil and gas activities including reviewing its procedures for complying with its disclosure requirements and restrictions set forth under applicable securities requirements;
- (b) reviewing the Corporation's procedures for providing information to the independent evaluator;
- (c) meeting, as considered necessary, with management and the independent evaluator, to determine whether any restrictions placed by management affect within the ability of the evaluator to report without reservation on the Reserves Data (as defined in National Instrument 51-101 – *Standards of Disclosure for Oil and Gas Activities*) (the "**Reserves Data**") and to review the Reserves Data and the report thereon of the independent evaluator (if such report is provided);
- (d) reviewing the appointment of the independent evaluator and, in the case of any proposed change to change the independent evaluator, determine the reason therefor and whether there have been any disputes with management;
- (e) reviewing qualifications and independence of the independent evaluator to ensure the independent evaluator being considered for appointment or re-appointment is technically qualified and competent, independent of management, that there are no restrictions affecting the ability of the independent evaluator to report on the Corporation's oil and natural gas reserves without reservations and to establish the terms of their engagement;

- (f) reviewing any matters relating to the preparation, assumptions, evaluation processes and resulting outcomes for any report on the Corporation's reserves (including reserves to be acquired) for material acquisitions or which may form the basis of any public disclosure by the Corporation;
- (g) providing a recommendation to the Board as to whether to approve the content and/or filing of the statement of the Reserves Data and other information that may be prescribed by applicable securities requirements including any reports of the independent engineer and of management in connection therewith;
- (h) reviewing the Corporation's procedures for reporting other information associated with oil and gas producing activities;
- (i) regularly assessing whether management has in place appropriate policies and processes to prevent and detect inaccuracies in estimating reserves and disclosing reserves and related oil and gas information in compliance with regulatory requirements;
- (j) generally, reviewing all matters relating to the preparation and public disclosure of estimates of the Corporation's reserves;
- (k) annually reviewing the Committee's mandate and work plan and provide the work plan and any recommended changes to the mandate to the Chair of the Board; and
- (l) performing any other activities consistent with the Committee's mandate as the Committee or the Board deems necessary or appropriate; and
- (m) having the authority to investigate any activity of the Corporation that has an impact on or relating to the Committee's mandate and responsibilities. All employees are to cooperate as requested by the Committee.

Health and Safety Committee

The Health and Safety Committee is comprised of four directors, a majority of which are independent.

The Health and Safety Committee is responsible for various matters, including relating to the development and implementation of the policies, standards and practices of the Corporation and assisting the Corporation with meeting its legal, industry and community obligations pertaining to health and safety. The Health and Safety Committee is responsible for:

- (a) reviewing the Corporation's strategies, policies, programs and internal control systems with respect to health, workforce safety, asset integrity, process safety and monitor the Corporation's performance relative to internal improvement objectives and industry best practice;
- (b) reviewing and recommending to the Board for approval fundamental policies pertaining to health, workforce safety, asset integrity and process safety having the potential to impact the Corporation's activities and strategies;
- (c) reviewing the Corporation's policies and programs for achieving full and continuous compliance with engineering standards, codes, regulations and applicable laws;
- (d) reviewing and monitoring the Corporation's emergency response policies and plans and the Corporation's state of readiness to respond to crisis situations, including, but not limited to, monitoring

notices from management and reviewing circumstances involving any major emergencies reported by the Corporation:

- (e) reviewing and reporting to the Board:
 - on the Corporation's performance in the areas of health, workforce safety, process safety, field operational excellence and compliance with codes, standards, regulations and applicable laws;
 - on emerging trends, issues and regulations related to health, workforce safety, process safety and field operational excellence that are relevant to the Corporation;
 - the findings of any significant report by regulatory agencies, external health and safety consultants or auditors concerning the Corporation's performance in health and safety and any necessary corrective measures taken to address issues and risks with regards to the Corporation's performance in the areas of health and safety that have been identified by the Corporation, external auditors or by regulatory agencies;
 - any civil or criminal occupational health and safety proceedings, claims, orders, actions or government investigation contemplated or threatened against the Corporation, including notices from management in respect thereof;
 - the results of any review with management, outside accountants and legal advisors of the implications of major corporate undertakings such as the acquisition or expansion of facilities or decommission of facilities as it relates to health and safety that are relevant to the Corporation and, in the Committee's discretion, make recommendations to the Board for consideration;
 - a framework for management's decisions on abandonment and reclamation, including appropriate asset retirement obligation determination; and
 - policies and other directives of the Corporation relating to security and the safeguarding of the Corporation's premises, installations, assets and personnel;

- (f) reviewing the insurable risks related to health and safety issues and evaluate cost/insurance benefits associated with those risks; concerning insurance, the Committee shall consult with and review the recommendations of the Audit Committee of the Board and if desirable, recommend changes to the

Corporation's insurance program including coverage for operations, property damage, business interruption and liabilities;

- (g) annually reviewing the Committee's mandate and work plan and provide the work plan and any recommended changes to the mandate to the Chair of the Board; and
- (h) performing any other activities consistent with the Committee's mandate as the Committee or the Board deems necessary or appropriate; and
- (i) having the authority to investigate any activity of the Corporation that has an impact on or relating to the Committee's mandate and responsibilities. All employees are to cooperate as requested by the Committee.

Environmental, Social and Governance Committee

The Environmental, Social and Governance Committee is comprised of five directors, four of which are independent.

The Environmental, Social and Governance Committee is responsible for various matters relating to environmental, social and governance ("ESG") and sustainability matters (including climate risks) and its primary duties and responsibilities for the oversight of ESG and sustainability matters are as follows:

- (a) review, approve or recommend to management of the Corporation and/or the Board policies and priorities related to ESG and sustainability matters, including the following:
 - climate and energy;
 - Indigenous rights and relationships;
 - stakeholder engagement;
 - community investment;
 - community and landowner awareness on pipeline safety; and
 - political contributions;
- (b) receive and review periodic reports from management regarding the Corporation's initiatives and opportunities to optimize its climate related and sustainability performance including processes to reduce or substitute energy and water use, reduce emissions and waste and minimize land disturbance;
- (c) provide oversight of the Corporation's programs to identify social, political and environmental trends in public debate, public policy, regulation and legislation that may impact the Corporation's strategies and business interests and recommend, where significant, appropriate responses to management of the Corporation and/or the Board;
- (d) provide oversight of the Corporation's performance, engagement and communications directed towards building public confidence and stakeholder trust;
- (e) review and provide oversight of the Corporation's conduct of business in a socially responsible, ethical and transparent manner;
- (f) review and provide oversight on the incorporation of ESG factors in the Corporation's reporting and public disclosure on ESG and sustainability matters, including use of reporting frameworks and methodologies for annual and specialized disclosure, as well as the Corporation's position in relevant independent ranking systems;

- (g) review and provide oversight of the Corporation's programs and processes for community, Indigenous and governments relations, including community investment and partnerships and communication, consultation and engagement with key stakeholders, rights-holders and decision makers, to ensure a rigorous and systemic approach;
- (h) provide oversight with respect to risk management in ESG and sustainability areas; and
- (i) address any other matter properly referred to the Committee by the Chair of the Board, the Board, a director, the CEO, or the management of the Corporation for review, recommendation or decisions.

9. **Assessments – Disclose whether or not the Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the Board satisfies itself that the Board, its committees, and its individual directors are performing effectively.**

The Nominating Committee is responsible by its terms of reference to evaluate the effectiveness of the Board, its committees and individual directors. The Nominating Committee assesses the effectiveness of the Board as a whole, individual Board members and each of the committees of the Board. Assessments are conducted annually. The results of the assessment are summarized by the Corporate Secretary and provided to the Chair of the Nominating Committee as well as the Chair of the Board. The Chairman of the Nominating Committee presents a summary of the results to the Board as a whole and communicates the results of the committee assessment to each committee Chair. The assessment for 2024 will be conducted in the first half of 2025.

10. **Director Term Limits and Other Mechanisms of Board Renewal**

When considering nominees for the Board, the Nominating Committee will annually review the skills and experience of the current directors of Peyto to assess whether the board's skills and experience need to be strengthened in any area. In addition to considering the skills and experience of the Board, the Committee will also assess the knowledge and character of all nominees to the Board and other factors such as independence of the directors to ensure that the Board is operating effectively and independently of management.

The Board does not believe that fixed term limits are in the best interest of Peyto. While term limits ensure fresh viewpoints on a board of directors, they also cause a company to lose the valuable contributions of those directors who best understand the business of Peyto and the challenges it faces.

11. **Policies Regarding the Representation of Women on the Board**

The Board has adopted the Board Diversity Policy which recognizes that the nomination and appointment of candidates with multiple perspectives, skills, expertise, industry experience and personal characteristics such as age, gender, ethnicity and other distinctions will contribute to the continued success of the Corporation. This Board Diversity Policy sets out the framework for Peyto's approach to Board diversity and outlines the key criteria for the composition of the Board to promote the Corporation's commitment and aspirational targets to diversity and inclusion.

The Nominating Committee oversees the evaluation and assesses and considers the effectiveness, of the Board as a whole, the committees of the Board and the contribution of individual members on a periodic basis. The Nominating Committee, in conjunction with the Board, also reviews the experience, qualifications and skills of Peyto's incumbent directors to ensure that the composition of the Board and committees and the competencies of the members are in line with those that the Nominating Committee considers that the Board and its respective committees should possess.

In considering suitable candidates for appointment or re-election to the Board, or whether to accept the deemed resignation of a director pursuant to the Board Renewal Policy, and to assist us in attaining our targeted representation, the Nominating Committee shall: (i) consider all aspects of diversity including, but not limited to, those described above, in order to enable the Nominating Committee to discharge its duties and responsibilities effectively; (ii) assess the skills and backgrounds collectively represented on the Board to ensure

that they reflect the diverse nature of the business environment in which Peyto operates; (iii) consider candidates on merit against objective criteria having due regard to the benefits of diversity on the Board; and (iv) engage, as deemed necessary, qualified independent external advisors to identify and assess candidates that meet the Board's skills and diversity criteria.

In addition, the Nominating Committee will review the number of women considered or brought forward as potential nominees for board positions when the Board is looking to add additional members or replace existing members and will evaluate the skills, knowledge, experience and character of any such women candidates relative to other candidates to ensure that women candidates are being fairly considered relative to other candidates.

Any search firm engaged to assist the Nominating Committee in identifying candidates for appointment to the Board will be specifically directed to include diverse candidates generally, and multiple women candidates in particular.

In addition, each year the Nominating Committee will: (i) assess the effectiveness of the Board Diversity Policy and related objectives; (ii) monitor and review the Corporation's progress in achieving its aspirational target for gender diversity; (iii) monitor the implementation of the Board Diversity Policy; and (iv) report to the Board and recommend any revisions that may be necessary.

As all recommendations of director nominees need to be approved by the Nominating Committee, the Board has concluded that appropriate measures are in place to ensure that the Board Diversity Policy is effectively implemented.

The Peyto Board Diversity Policy is available on the Corporation's website under the heading "Corporate Responsibility".

12. **Consideration of the Representation of Women in the Director Identification and Selection Process**

See item 11.

13. **Consideration Given to the Representation of Women in Executive Officer Appointments**

The Board believes that the appointment of executive officers should be made based on each candidate's experience, knowledge, education, management capabilities and competency, as well as the effect of the appointment on the diversity of the Corporation's executive officers as a whole. The Corporation is staffed with a large female contingent (43% of office employees) and given its focus on the identification, assessment and development of internal candidates to build leadership capability and strengthen overall succession, the Corporation believes it is poised to ensure it has strong internal female candidates to drive both short and long-term performance. The Corporation's philosophy of development and promotion from within will strengthen its values and culture, aid in retention of talent and provide a diversity of options for succession. See item 14.

14. **Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions**

The Board does not specifically consider the level of female representation in executive officer positions when making such appointments nor does it have targets in respect of appointing women to these positions. In making appointments to executive officer positions, the Board considers each candidate's experience, knowledge, education, management capabilities and competency, as well as the effect of the appointment on the diversity of the Corporation's executive officers as a whole. Also see item 13. As all recommendations of appointments of executive officers need to be approved by the Nominating Committee, the Board has concluded that appropriate measures are in place to ensure that the Corporation's approach to executive officer appointments is effectively implemented.

15. **Number of Women on the Board and in Executive Officer Positions**

There is presently three (3) women serving on the Board, which represents 33% of the Board.

Other Matters Relating to the Board

The Board holds regularly scheduled meetings at least quarterly to perform its responsibilities. The Board and members of management hold strategic planning sessions annually and revisit the strategic plan at each quarterly meeting of the Board. Significant operational decisions and all decisions relating to: (i) the acquisition and disposition of properties in excess of limits established by the Board from time to time; (ii) the approval of capital expenditure budgets; (iii) the establishment of credit facilities; (iv) issuances of additional common shares or debt; and (v) the determination of the amount of the monthly dividends, are made by the Board.

The Board and its committees have access to senior management on a regular basis as Tavis Carlson, the Vice President, Finance and Chief Financial Officer and Riley Frame, Vice President, Engineering and Chief Operating Officer attend all meetings of the Board along with other executive officers who are invited to attend such meetings to provide necessary information to facilitate decision making. Additionally, Mr. Jean-Paul Lachance, the President and Chief Executive Officer, attends all meetings of the Board to provide necessary information to facilitate decision making and effective January 1, 2023, was also appointed as a director of the Corporation.

In addition, Peyto has three female directors, bringing its total female representation on the Board to 33.3%. Jocelyn McMinn, one of the female directors, is also a citizen of the Métis Nation of Alberta, enhancing the ethnic diversity and experience of the Peyto Board.

Succession Planning

The Corporation spends considerable time and energy on succession planning for its executive officers and other key personnel. The Corporation focuses on developing leadership bench-strength and future management candidates from within the organization. On an annual basis, the executive officers meet to discuss succession planning within the organization and to identify high potential employees for additional leadership development opportunities. The Nominating Committee, which is comprised of only independent directors, is responsible for developing a system under which succession to senior management positions will occur in a timely manner. The Board also takes responsibility for senior officer succession planning and specifically succession planning for the CEO. Succession planning is frequently a part of the Board agenda and in-camera discussions and is discussed formally at least on an annual basis. At these sessions, the Board and the CEO discuss succession plans and candidates for all executive officer positions, including the CEO role. The review includes an assessment of each individual's strengths and development requirements, an estimate as to when such individuals may be prepared to accept such a role change, and any current plans for such individual's career and educational development.

Effective January 1, 2024, Mr. Riley Frame assumed the position of Chief Operating Officer. Also, Ms. Kathy Turgeon retired as Chief Financial Officer of Peyto effective March 31, 2024 and Tavis Carlson, was promoted to the role of Chief Financial Officer effective April 1, 2024.

Effective April 1, 2025, Mr. Michael Collens was promoted to Vice President, Marketing, Mr. Mike Rees was promoted to Vice President, Geoscience, and Ms. Crissy Rafoss was promoted to Vice President, Finance.

Shareholder Engagement

We communicate with our shareholders in a wide variety of ways, including through the Corporation's website, annual responsibility reports, news releases, annual and quarterly reports, management information circulars, annual information forms, investor presentations, group meetings and industry conferences, annual meetings of shareholders and one-on-one meetings with shareholders. The Corporation holds conference calls for quarterly earnings releases and major corporate developments as soon as practicable after they are publicly disclosed, and such calls are open to be heard by the public. Details of the time, place and method of accessing any such call and instructions as to where are broadly disseminated.

The Board has adopted a Shareholder Engagement Policy, which formalizes its commitment to engaging in constructive communications with our shareholders and expresses our directors' interest in meeting with key shareholders to discuss specific matters of mutual interest and concern. Shareholders may initiate communication directly with the Board by contacting our Lead Director by mail or email at:

Peyto Exploration & Development Corp.
Attention: Lead Director of the Board
300, 600 – 3rd Avenue SW
Calgary, Alberta T2P 0G5

Email: info@peyto.com

The Shareholder Engagement Policy is available on the Corporation's website under the heading "Corporate Responsibility".

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

Neither the Corporation, nor any director or executive officer of the Corporation, any proposed nominee for election as a director of the Corporation, nor any associate of any of the foregoing, is, or has at any time since the beginning of the Corporation's last completed financial year, been indebted to the Corporation, nor is or has the indebtedness of any such persons to another entity been the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Corporation or any of its subsidiaries.

CORPORATE SUSTAINABILITY

The Corporation is committed to conducting its business in a safe and responsible manner to protect both the health and safety of employees, contractors, stakeholders, and the public as well as the environment. Safeguarding the environment and maintaining the integrity of the Corporation's infrastructure is inherent in its day-to-day operations. The Corporation's culture promotes responsibility and accountability for health, safety and environmental performance throughout the entire organization. Recognizing the more prominent role that environmental and sustainability factors are playing in the Corporation's business, in 2020, the Board formed the Environmental, Social and Governance Committee. This committee is comprised of independent directors, who are responsible for, among other things, reviewing the Corporation's policies and practices pertaining to environment, health and safety, and sustainability matters and reviewing procedures designed to minimize environmental, occupational health and safety and other risks to asset value and mitigate such risks. See "*Corporate Governance Practices – Other Board Committees*".

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as disclosed herein, there were no material interests, direct or indirect, of directors or executive officers of the Corporation, any proposed director of the Corporation, any securityholder who beneficially owns, directly or indirectly, or exercises control or direction over more than 10% of the outstanding common shares, or any other Informed Person (as defined in National Instrument 51-102 – *Continuous Disclosure Obligations*) or any known associate or affiliate of such persons, in any transaction since the commencement of the last completed financial year of the Corporation or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries.

INTEREST OF CERTAIN PERSONS AND COMPANIES IN MATTERS TO BE ACTED UPON

Management is not aware of any material interest of any director or executive officer or anyone who has held office as such since the beginning of the Corporation's last financial year, any proposed nominee for election as a director or of any associate or affiliate of any of the foregoing in any matter to be acted on at the meeting, save as is disclosed herein.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this information circular – proxy statement relate to matters that are not historical facts and may constitute forward-looking statements. These statements are identified by the use of words such as "could", "should", "anticipate", "expect", "will", "may" and similar expressions and statements. Forward-looking statements contained herein include, but are not limited to, statements regarding the Corporation's expected approach to its compensation practices. These statements are based on certain assumptions and analysis made by Peyto in light of its experience and its perception of historical trends and expected future developments as well as other factors it believes are appropriate in the circumstances. Whether actual results, performance or achievements will conform to Peyto's

expectations is subject to a number of known and unknown risks and uncertainties which could cause actual results to differ materially from Peyto's expectations.

By their nature, forward-looking statements are subject to numerous risks and uncertainties, some of which are beyond our control, including the impact of general economic conditions, industry conditions, volatility of commodity prices, currency fluctuations, imprecision of reserve estimates, royalties, environmental risks, taxation, regulation, changes in tax or other legislation, competition from other industry participants, the lack of availability of qualified personnel or management, stock market volatility, and our ability to access sufficient capital from internal and external sources. The foregoing and other risks are described in more detail in Peyto's management's discussion and analysis for the year ended December 31, 2024 and Peyto's annual information form for the year ended December 31, 2024 under the headings "*Risk Management*" and "*Risk Factors*", respectively, each of which is available at WWW.SEDARPLUS.CA and on Peyto's website.

Further, any forward-looking statement is made only as of the date of this information circular – proxy statement, and Peyto undertakes no obligation to update or revise any forward-looking statement to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of unanticipated events, except as required by applicable securities laws. New factors emerge from time to time, and it is not possible for Peyto to predict all of these factors or to assess in advance the impact of each such factor on Peyto's business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

The forward-looking statements contained in this information circular – proxy statement are expressly qualified by this cautionary statement.

ADDITIONAL INFORMATION

Additional information relating to the Corporation is available on SEDAR+ at www.sedarplus.ca. Financial information in respect of the Corporation and its affairs is provided in the Corporation's annual audited comparative financial statements for the year ended December 31, 2024 and the related management's discussion and analysis. Copies of the Corporation's financial statements and related management's discussion and analysis are available upon request from the Corporation at Suite 300, 600 – 3rd Avenue SW, Calgary, Alberta T2P 0G5, Attention: Tavis Carlson, telephone (587) 390-6120, or teletype (403) 451-4100.

OTHER MATTERS

Management of the Corporation knows of no amendment, variation or other matter to come before the meeting other than the matters referred to in the notice of annual and special meeting. However, if any other matter properly comes before the meeting, the accompanying proxy will be voted on such matter in accordance with the best judgment of the person voting the proxy.

The contents and the sending of this information circular – proxy statement have been approved by the Board.

Shareholders are encouraged to contact management of the Corporation or members of the Board with respect to any questions or concerns regarding the Corporation, its business, operations and/or governance matters. Jean-Paul Lachance, the Corporation's President and CEO, may be reached by telephone at (403) 451-4111; Tavis Carlson, the Corporation's Vice President, Finance and CFO, may be reached by telephone at (587) 390-6120; and Michael MacBean, the Corporation's Lead Director, may be reached by telephone at (403) 225-1144. Additionally, shareholders may call Melissa Wiwchar, Manager, Human Resources for the Corporation, at 1-844-847-9706 (toll free in North America) or (403) 261-6081 (for outside of North America).

Dated: April 2, 2025

SCHEDULE "A"

PEYTO EXPLORATION & DEVELOPMENT CORP.

(the "Corporation")

TOTAL SHAREHOLDER RETURN RIGHTS PLAN

1. Purpose of Plan

The purpose of this Plan is to provide Participants with an increased incentive to contribute to the future success of the Corporation, thus enhancing the value of the Common Shares for the benefit of all Shareholders. For greater certainty, Non-Management Directors of the Corporation are not eligible to participate in the Plan.

2. Defined Terms

Where used herein, the following terms shall have the following meanings, respectively:

- (a) "**associate**" has the meaning set forth in the *Securities Act* (Alberta);
- (b) "**Black-Out Period**" means the period during which the relevant Grantee is prohibited from trading in securities of the Corporation due to trading restrictions imposed by the Corporation pursuant to any policy of the Corporation respecting restrictions on trading that is in effect at that time;
- (c) "**Board**" means the board of directors of the Corporation;
- (d) "**Business Day**" means a day other than a Saturday, a Sunday or a day when banks in the City of Calgary, Alberta are generally not open for business;
- (e) "**Cessation Date**" means, subject to Section 8(a), the date that is the earlier of:
 - (i) the date of the Grantee's termination or resignation, as the case may be; or
 - (ii) the date that the Grantee ceases to be in the active performance of the usual and customary day-to-day duties of the Grantee's employment or consultant position or function;regardless of whether adequate or proper advance notice of termination or resignation shall have been provided in respect of such cessation, regardless of whether such termination or resignation is in breach of applicable law, and such date shall not be extended by any contractual, common law or statutory period;
- (f) "**Change of Control**" means:
 - (i) the sale to a person or acquisition by a person not affiliated with the Corporation or its subsidiaries of net assets of the Corporation or its subsidiaries having a value greater than 50% of the fair market value of the net assets of the Corporation and its subsidiaries determined on a consolidated basis prior to such sale whether such sale or acquisition occurs by way of reconstruction, reorganization, recapitalization, consolidation, amalgamation, arrangement, merger, transfer, sale or otherwise;
 - (ii) any change in the holding, direct or indirect, of shares of the Corporation by a person not affiliated with the Corporation as a result of which such person, or a group of persons, or persons acting jointly or in concert, or persons associated or affiliated with any such person or group within the meaning of the *Business Corporations Act* (Alberta), are in a position to exercise effective control of the Corporation whether such change in the holding of such shares occurs by way of takeover bid, reconstruction, reorganization, recapitalization, consolidation,

amalgamation, arrangement, merger, transfer, sale or otherwise if members of the Board who are members of the Board immediately prior to the earlier of such change and the first public announcement of such change cease to constitute a majority of the Board at any time within sixty days of such change; and for the purposes of this Plan, a person or group of persons holding shares or other securities in excess of the number which, directly or following conversion thereof, would entitle the holders thereof to cast 50% or more of the votes attaching to all shares of the Corporation which, directly or following conversion of the convertible securities forming part of the holdings of the person or group of persons noted above, may be cast to elect directors of the Corporation shall be deemed, other than a person holding such shares or other securities in the ordinary course of business as an investment manager who is not using such holding to exercise effective control, to be in a position to exercise effective control of the Corporation; or

- (iii) the winding up or liquidation of the Corporation or the sale, lease or transfer of all or substantially all of the directly or indirectly held assets of the Corporation to any other person or persons (other than pursuant to an internal reorganization or in circumstances where the business of the Corporation is continued and where the shareholdings or other security holdings, as the case may be, in the continuing entity and the constitution of the board of directors or similar body of the continuing entity is such that the transaction would not be considered a "Change of Control" if paragraph (f)(ii) above was applicable to the transaction);
- (g) "**Common Shares**" means the common shares of the Corporation or, in the event of an adjustment contemplated by Sections 15 or 16 hereof, such other securities to which a Grantee may be entitled upon the vesting of a Right as a result of such adjustment;
- (h) "**Corporation**" means Peyto Exploration & Development Corp., and includes any successor corporation thereof;
- (i) "**Dividend**" means any dividend (other than a stock dividend payable in Common Shares) declared by the Corporation in respect of the Common Shares, expressed as an amount per Common Share;
- (j) "**Exchange**" means a recognized stock exchange on which the Common Shares are listed and posted for trading as may be selected for such purpose by the Board;
- (k) "**Expiry Date**" means the date on which a Right will expire and be terminated which shall be, subject to the terms of this Plan, on the Vesting Date of such Right;
- (l) "**Good Reason**" means any materially adverse change by the Corporation without the agreement of a Grantee, in any of the Grantee's duties, powers, rights, salary, title or lines of reporting, such that immediately after such change or series of changes, the responsibilities and status of such Grantee, taken as a whole, are fundamentally diminished compared to those assigned to the Grantee immediately prior to such change or series of changes, or any other reason that would be considered to amount to constructive dismissal by a court of competent jurisdiction in Alberta;
- (m) "**Grant Date**" means, in respect of any particular Right, the date that such Right was granted pursuant to this Plan;
- (n) "**Grant Price**" means, in respect of any particular Right, the volume weighted average trading price per Common Share on the TSX for the five (5) consecutive trading days immediately preceding the Grant Date of such Right, provided that if the Common Shares are not then listed and posted for trading on an Exchange, then the Grant Price shall be determined by the Board in its sole discretion acting reasonably and in good faith;
- (o) "**Grantee**" has the meaning set forth in Section 4;
- (p) "**Insider**" has the meaning set forth in the applicable rules of the TSX for this purpose;

- (q) "**Non-Management Director**" means a director of the Corporation who is not an officer or employee of the Corporation or a subsidiary of the Corporation;
- (r) "**Outstanding Common Shares**" at the time of any share issuance or grant of Rights means the aggregate number of Common Shares that are outstanding immediately prior to the share issuance or grant of Rights in question on a non-diluted basis, or such other number as may be determined under the applicable rules and regulations of all regulatory authorities to which the Corporation is subject, including any Exchange on which the Common Shares may be listed;
- (s) "**Participants**" means officers and employees of, and consultants and other Service Providers to, the Corporation or its subsidiaries (but for greater certainty, Non-Management Directors of the Corporation shall not be Participants);
- (t) "**Performance Rights**" means Rights granted that are subject to performance conditioning metrics set forth in Section 5;
- (u) "**Performance Period**" means, in respect of a Right, the period commencing after the Grant Date and ending at 2:00 p.m. (Calgary time) on the Vesting Date of such Right;
- (v) "**Plan**" means this total shareholder return rights plan of the Corporation, as the same may be amended or amended and restated from time to time;
- (w) "**Right**" means a right granted to a Grantee pursuant to, and subject to the terms and conditions of, this Plan and any Right Agreement;
- (x) "**Right Agreement**" means the written agreement between the Corporation and the Grantee or other form of confirmation of the grant of Rights to the Grantee pursuant to the Plan;
- (y) "**Security Based Compensation Arrangement**" has the meaning ascribed thereto in Part VI of the TSX Company Manual, as amended from time to time;
- (z) "**Service Provider**" means a person or company engaged by the Corporation or its subsidiaries to provide services for an initial, renewable or extended period of twelve months or more;
- (aa) "**Shareholders**" means the holders of Common Shares;
- (bb) "**Total Shareholder Return**" means, in respect of a Performance Period, an amount equal to $[(A + B) - C] / C$, expressed as a percentage, where:
- A is the Vesting Date Price;
- B is the total of all Dividends paid by the Corporation during the Performance Period; and
- C is the Grant Price.
- (cc) "**TSX**" means the Toronto Stock Exchange;
- (dd) "**Vested Rights**" has the meaning set forth in Section 4;
- (ee) "**Vesting Date**" has the meaning set forth in Section 4;
- (ff) "**Vesting Date Price**" means, in respect of any particular Right, the volume weighted average trading price per Common Share on the TSX for the five (5) consecutive trading days immediately preceding the Vesting Date, provided that if the Common Shares are not then listed and posted for trading on an Exchange, then the Vesting Date Price shall be determined by the Board in its sole discretion acting reasonably and in good faith; and

(gg) "Vesting Date Value" has the meaning set forth in Section 4.

3. Administration

- (a) This Plan shall be administered by the Board or such committee of the Board as the Board considers appropriate. In the event that the Board appoints a committee of the Board to administer the Plan, all references in this Plan to the Board will be deemed to be references to such other committee of the Board, as applicable.
- (b) The Board shall have the full power and sole responsibility to interpret the provisions of the Plan, to administer the Plan, and to exercise all the powers and authorities either specifically granted to it under the Plan or necessary or advisable in the administration of the Plan, subject to and not inconsistent with the express provisions of the Plan (including Section 13 hereof), including, without limitation, the authority:
- (i) to grant Rights;
 - (ii) to determine the Participants to whom, and the time or times at which, Rights shall be granted and shall become issuable;
 - (iii) to determine the Grant Price and the Vesting Date Price of any Right;
 - (iv) to determine the Total Shareholder Return in respect of any Performance Period;
 - (v) to determine the Vesting Date Value of any Vested Right (and any adjustment to be made thereto pursuant to Section 5 hereof, if applicable);
 - (vi) to determine whether payment of the Vesting Date Value (as adjusted pursuant to Section 5 hereof, if applicable) is to be made in cash and/or Common Shares;
 - (vii) to prescribe, amend and rescind rules and regulations relating to the Plan;
 - (viii) to interpret the Plan;
 - (ix) to determine the terms and provisions of the Right Agreements (which need not be identical) entered into in connection with the Rights granted hereunder; and
 - (x) to make all other determinations deemed necessary or advisable for the administration of the Plan.
- (c) For greater certainty and without limiting the discretion conferred on the Board pursuant to this Section 3, the Board's decision to approve the grant of a Right to any Participant in any period shall not require the Board to approve the grant of a Right to any Participant in any other period; nor shall the Board's decision with respect to the size or terms and conditions of a Right in any period require it to approve the grant of a Right of the same or similar size or with the same or similar terms and conditions to any Participant in any other period, nor shall the Board's decision with respect to the form of payment of a Right require it to pay any other Rights in the same manner or entitle a Participant to be paid in a particular form. The Board shall not be precluded from approving the grant of a Right to any Participant solely because such Participant may previously have been granted a Right under the Plan or any other similar compensation arrangement of the Corporation. No Participant has any claim or right to be granted a Right. In determining the Participants to whom Rights may be granted and the number of Rights to be granted, the Board may take into account such factors as it shall determine in its sole discretion, including, if so determined by the Board, any one or more of the following factors:
- (i) compensation data for comparable benchmark positions among the Corporation's peers, as determined by the Board;
 - (ii) the duties, responsibilities, position and seniority of the Grantee;
 - (iii) the individual contributions and potential contributions of the Grantee to the success of the Corporation;

- (iv) any award payments paid or to be paid to the Grantee in respect of his or her individual contributions and potential contributions to the success of the Corporation;
 - (v) the Grant Price of the Common Shares at the time of granting such Right; and
 - (vi) such other factors as the Board shall deem relevant in its sole discretion in connection with accomplishing the purposes of the Plan.
- (d) The Board may delegate to one or more of its members or to one or more agents such administrative duties as it may deem advisable, and the Board or any person to whom it has delegated duties as aforesaid may employ one or more persons to render advice with respect to any responsibility the Board or such person may have under the Plan.

4. Granting and Terms and Conditions of Rights

- (c) The Board may designate Participants to whom Rights may be granted (a "**Grantee**") and the number of Rights to be granted to each Grantee, provided that the number of Common Shares that could be issued pursuant to all Rights outstanding at any time shall not exceed the limitations provided in Section 6 hereof. For certainty, all Rights granted are covered by this Plan.
- (d) Rights shall vest (the "**Vested Rights**") as to one-third (1/3) of the total number of Rights granted to a Grantee on each of the first, second and third anniversaries of the Grant Date (each, a "**Vesting Date**").
- (e) Subject to Section 5 hereof, if applicable, the value (the "**Vesting Date Value**") of a Vested Right on the Vesting Date (subject to any Black-Out Period extension as provided for in Section 4(g) hereof) shall be equal to the sum of: (i) the Vesting Date Price less the Grant Price of such Vested Right; and (ii) the total of all Dividends paid by the Corporation during the Performance Period.
- (f) If, on the applicable Vesting Date, the Vesting Date Value of a Vested Right is less than or equal to zero (0), no amount shall be payable to the Grantee and the Vested Right shall expire and be terminated on such date.
- (g) If, on the applicable Vesting Date, the Vesting Date Value of a Vested Right is greater than zero (0), the Vested Right shall become subject to payment in accordance with Section 4(h) and Section 5 hereof, provided however, that where a Vesting Date of a Right occurs on a date when a Grantee is subject to a Black-Out Period, or within five (5) trading days of the expiry of such Black-Out Period, such Vesting Date shall be extended to the date that is the sixth (6th) trading day following the end of such Black-Out Period, provided that if any such extension would cause the Vesting Date to extend beyond the Expiry Date, the amounts to be paid on such Vesting Date shall be paid on the Expiry Date notwithstanding the Black-Out Period.
- (h) On each Vesting Date (or as soon as reasonably practicable following the Vesting Date and subject to any Black-Out Period extension as provided for in Section 4(g) hereof), the Board shall, at its sole and absolute discretion, have the option of paying the Vesting Date Value payable on a Vesting Date by any of the following methods, or by a combination of such methods:
 - (i) payment in cash;
 - (ii) if approved by the Board, payment in Common Shares acquired by the Corporation on the secondary market; or
 - (iii) if approved by the Board, payment in Common Shares issued from treasury of the Corporation, subject to receipt of any required approval of the TSX and, if required by the policies of the TSX, the shareholders of the Corporation.

With respect to any Rights, the Corporation shall not determine whether the payment method shall take the form of cash or Common Shares, or a combination thereof, until the Vesting Date, or some reasonable time prior thereto. A Grantee shall not have any right to demand to be paid in, or receive, cash or Common Shares in respect of the Vesting Date Value underlying a Right, at any time. Notwithstanding any election by the Corporation to settle any Vesting Date Value, or portion thereof, in Common Shares, the Corporation reserves the right to change its election in respect thereof at any time up until payment is actually made, and the Grantee shall not have the right, at any time, to enforce settlement in the form of cash or Common Shares.

Where the Corporation elects to pay the Vesting Date Value (or any portion thereof) by acquiring Common Shares on the secondary market, or by issuing Common Shares from treasury, the Common Shares shall have a deemed value equal to the volume weighted average trading price per Common Share on the TSX for the five (5) consecutive trading days immediately preceding the applicable Vesting Date (provided that if the Common Shares are not then listed and posted for trading on an Exchange, then the deemed value shall be determined by the Board in its sole discretion acting reasonably and in good faith) and the number of Common Shares to be delivered shall be equal to the applicable Vesting Date Value multiplied by the number of Vested Rights, divided by such deemed Common Share value. If the determination of the number of Common Shares to be delivered to a Grantee in respect of a particular Vesting Date would result in the issuance of a fractional Common Share, the number of Common Shares deliverable on the Vesting Date shall be rounded down to the next whole number of Common Shares.

- (i) Notwithstanding any other provisions contained herein, the Board may, in its sole discretion, accelerate the Vesting Dates with respect to any Rights.
- (j) Subject to Section 4(e), all Vested Rights expire and terminate on the applicable Vesting Date.

5. Performance Rights

Participants who are executive officers of the Corporation will, as outlined in the Grantee's Right Agreement, be subject to performance conditioning metrics on 50% of the Rights granted to them (the "**Performance Rights**"), requiring the following performance hurdle on each Vesting Date:

- (k) if the Total Shareholder Return for the Performance Period is equal to or greater than 8.0% per annum, the Participant will be entitled to a payment equal to 100% of the Vesting Date Value with respect to the vested Performance Rights;
- (l) if the Total Shareholder Return for the Performance Period is less than 8.0% per annum, the Vesting Date Value will be deemed zero and the Participant will not be entitled to a payment with respect to the vested Performance Rights.

6. Limitations to this Plan

- (a) Notwithstanding any other provision of this Plan:
 - (i) the aggregate number of Common Shares that may be issued pursuant to the settlement of Rights granted under this Plan and all other Security Based Compensation Arrangements of the Corporation at any time shall not exceed 6.5% of the Outstanding Common Shares, 6% of which shall be allocated to this Plan and 0.5% of which shall be allocated to all other Security Based Compensation Arrangements of the Corporation;
 - (ii) the number of Common Shares reserved for issuance to Insiders, at any time, pursuant to this Plan and all other Security Based Compensation Arrangements of the Corporation, shall not exceed 10% of the Outstanding Common Shares;

- (iii) the number of Common Shares issued to Insiders, within any one year period, pursuant to this Plan and all other Security Based Compensation Arrangements of the Corporation, shall not exceed 10% of the Outstanding Common Shares; and
 - (iv) the number of Common Shares issued within any one year period pursuant to this Plan and all other Security Based Compensation Arrangements of the Corporation, to any one Insider and such Insider's associates shall not exceed 5% of the Outstanding Common Shares.
- (b) For purposes of the calculations in Section 6(a), it shall be assumed that all issued and outstanding Rights are to be settled by the issuance of Common Shares from treasury, notwithstanding the Corporation's right to settle the Vesting Date Value in cash or by purchasing Common Shares on the secondary market.
 - (c) Rights may be granted in excess of the limit set forth in Section 6, provided that prior to the receipt of the approvals required by Section 12, such Rights may only be settled with cash or Common Shares acquired by the Corporation on the secondary market.
 - (d) For the purposes of this Plan, any increase in the Outstanding Common Shares will result in an increase in the number of Common Shares that are available to be issued under this Plan pursuant to Section 6. Following the settlement, expiration, cancellation or other termination of any Right under this Plan (regardless of the form of payment in respect thereof), a number of Common Shares equal to the notional number of Common Shares underlying the Right so settled, expired, cancelled or terminated shall automatically become available for issuance in respect of Rights that may subsequently be granted under this Plan.
 - (e) This Plan does not confer upon a Grantee any right with respect to continuation of employment by the Corporation or any subsidiary thereof, nor does it interfere in any way with the right of the Grantee, the Corporation or a subsidiary thereof to terminate the Grantee's employment or service provision at any time.
 - (f) In the event the settlement of Rights granted under the provisions of this Plan would cause the Corporation to issue Common Shares in excess of the maximum number of Common Shares issuable pursuant to this Section 6, a cash amount equal to such excess amount and/or Common Shares acquired by the Corporation on the secondary market shall be paid to the Grantee in lieu of the issuance of any Common Shares (if applicable).

7. Delivery of Payment

Any amount payable to a Grantee in respect of a Right shall be paid to the Grantee as soon as practicable following the Vesting Date provided that the payment must not occur after December 31 of the third year following the year of the Grant Date.

8. Ceasing to be a Participant

Each Right shall provide that:

- (a) upon the death of the Grantee, the Right shall terminate on the date determined by the Board which shall not be more than twelve (12) months from the date of death; and
- (b) if the Grantee shall no longer be a service provider to, either the Corporation or a subsidiary of the Corporation (other than by reason of death), the Right shall terminate on the expiry of the period not in excess of six (6) months prescribed by the Board at the time of grant, following the Cessation Date and, in the absence of any determination to the contrary, will be sixty (60) days following the Cessation Date.

9. No Rights as a Shareholder

A Grantee shall not have any of the rights or privileges of a Shareholder in respect of any Common Shares which may be issuable pursuant to a Right until such Common Shares have been issued.

10. Non-Transferability

Subject to the provisions of the Plan, the right to receive payment pursuant to a Right granted to a Participant is held only by such Participant personally. Except as otherwise provided in the Plan, no assignment, sale, transfer, pledge or charge of a Right, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Right whatsoever in any assignee or transferee and, immediately upon any assignment, sale, transfer, pledge or charge or attempt to assign, sell, transfer, pledge or charge, such Right shall terminate and be of no further force or effect.

11. Regulatory Authorities Approvals

Notwithstanding anything contained herein, the issuance of Common Shares from treasury in respect of any Rights granted herein shall be subject to and shall not be made unless approved by the TSX and approved by Shareholders in accordance with the requirements of the TSX. For greater certainty, prior to receipt of such approvals, the Corporation shall only be permitted to pay the Vesting Date Value in respect of any Rights in cash or by payment in Common Shares acquired by the Corporation on the secondary market.

12. Amendment or Discontinuance of this Plan

This Plan and any Rights granted pursuant to this Plan may be amended, modified or terminated by the Board without approval of the Shareholders, subject to approval of the TSX. Notwithstanding the foregoing, neither this Plan nor any Right granted pursuant to this Plan may be amended without Shareholder approval to:

- (a) increase the percentage of the Outstanding Common Shares that may be issued pursuant to the settlement of Rights at any time in excess of the limit contained in Section 6(a)(i) hereof;
- (b) increase the number of Common Shares that may be issued to Insiders above the restrictions contained in Sections 6(a)(ii), 6(a)(iii) and 6(a)(iv) hereof;
- (c) permit Non-Management Directors of the Corporation to be Participants or to otherwise participate in the Plan;
- (d) extend the Expiry Date of any Right granted under this Plan (other than pursuant to Section 4(e));
- (e) permit the transfer or assignment of Rights granted under this Plan, except in the case of the death of a Grantee; and
- (f) make any amendments to this Section 12.

In addition, no amendment to this Plan or Rights granted pursuant to this Plan may be made without the consent of the Grantee, if it adversely alters or impairs any Rights previously granted to such Grantee under this Plan; provided that any amendment to this Plan to comply with the requirements of the TSX, shall not be considered to adversely alter or impair any Rights previously granted under this Plan and all Grantees are deemed to have consented to such amendments.

13. Tax Withholding

The Corporation shall have the power and the right to deduct or withhold, or require (as a condition of settlement), a Grantee to remit to the Corporation, the required amount to satisfy, in whole or in part, federal, provincial, and local taxes, domestic or foreign, required by law or regulation to be withheld in respect to any taxable event arising as a result of this Plan, including the grant, vesting or settlement of Rights granted under this Plan. With respect to required withholding, the Corporation shall have the irrevocable right to (and the Grantee consents to) the Corporation

setting off any amounts required to be withheld, in whole or in part, against any amounts owing by the Corporation to such Grantee (whether arising pursuant to the Grantee providing services on an ongoing basis to the Corporation, pursuant to the settlement of Rights or otherwise), or may make such other arrangements satisfactory to the Grantee and the Corporation. In addition, the Corporation may elect in its sole discretion, to satisfy the withholding requirement, in whole or in part, by withholding such number of Common Shares as it determines are required to be sold by the Corporation, as trustee to satisfy the withholding obligation net of selling costs (which costs shall be the responsibility of the Grantee and which shall be and are authorized to be deducted from the proceeds of the sale). The Grantee consents to such sale and grants to the Corporation an irrevocable power of attorney to effect the sale of such Common Shares and acknowledges and agrees that the Corporation does not accept responsibility for the price obtained on the sale of Common Shares. Any reference in this Plan to the issuance of Common Shares or a payment of cash is expressly subject to this Section 13.

14. No Guarantee Regarding Tax Treatment

Grantees (or their beneficiaries) shall be responsible for all taxes with respect to any Right under this Plan, whether arising as a result of the grant, vesting or payment of Rights or otherwise. The Corporation and the Board make no guarantees to any person regarding the tax treatment of a Right or payments made under this Plan and none of the Corporation, its subsidiaries or any of its employees or representatives shall have any liability to a Grantee (or their beneficiaries) with respect thereto.

15. Alterations in Shares

In the event:

- (a) of any change in the Common Shares through subdivision, consolidation, reclassification, amalgamation, merger or otherwise;
- (b) that any rights are granted to all Shareholders to purchase Common Shares at prices substantially below fair market value; or
- (c) that, as a result of any recapitalization, merger, consolidation or other transaction, the Common Shares are converted into or exchangeable for any other securities;

then, in any such case, the Board may, subject to any required approval of the Exchange, make such adjustments to the Plan, to any Rights and to any Right Agreements outstanding under the Plan as the Board may, in its sole discretion, consider appropriate in the circumstances to prevent dilution or enlargement of the rights granted to Grantees hereunder.

16. Mergers, Amalgamation and Sale

If the Corporation enters into any transaction or series of transactions, other than a transaction that is a Change of Control and to which Section 17 applies, whereby the Corporation or all or substantially all of the Corporation's undertaking, property or assets become the property of any other trust, body corporate, partnership or other person (a "**Successor**") whether by way of take-over bid, acquisition, reorganization, consolidation, amalgamation, arrangement, merger, transfer, sale or otherwise, then prior to or contemporaneously with the consummation of such transaction:

- (a) the Corporation and the Successor shall execute such instruments and do such things as are necessary to establish that upon the consummation of such transaction the Successor will have assumed all the covenants and obligations of the Corporation under this Plan and the Right Agreements outstanding on consummation of such transaction in a manner that substantially preserves and does not impair the rights of the Grantees thereunder in any material respect (including the ability to receive shares, trust units, securities or other property of the Successor in lieu of Common Shares on the Vesting Date(s) applicable to such Rights), and subject to compliance with this Section 16, any such Successor shall succeed to, and be substituted for, and may exercise every right and power of, the Corporation under this Plan and such Right Agreements with the same effect as though the Successor had been named as the Corporation herein and therein and thereafter, the Corporation shall be relieved of all obligations and covenants under this Plan and such Right Agreements and the obligation of the Corporation to the Grantees in respect of the Rights shall terminate and be at an end and the Grantees shall cease to have any further

rights in respect thereof including, without limitation, any ability to receive Common Shares on the Vesting Date(s) applicable to such Rights; or

- (b) if the Rights (and the covenants and obligations of the Corporation under this Plan and the Right Agreements outstanding on consummation of such transaction) are not so assumed by the Successor, then the Vesting Date for all Rights that have not vested shall be the date which is immediately prior to the date upon which the transaction is consummated.

17. Change of Control

In the circumstances where the Corporation has entered into an agreement relating to, or otherwise becomes aware of, a transaction which, if completed, would result in a Change of Control, the Corporation shall give written notice of the proposed transaction to the Participants, together with a description of the effect of such Change of Control on outstanding Rights. Such notice shall be given not less than fifteen (15) Business Days prior to the closing of the transaction resulting in the Change of Control. Notwithstanding anything else in the Plan or any Right Agreement to the contrary, the Board may, in connection with a Change of Control and at its sole option and without the consent of any Participant: (i) take such steps as are necessary or desirable to cause the conversion or exchange or replacement of any outstanding Rights into or for, rights or other securities of substantially equivalent value (or greater value), as determined by the Board in its discretion, in any entity participating in or resulting from a Change of Control; or (ii) accelerate the vesting of any or all outstanding Rights to provide that such outstanding Rights shall vest upon (or immediately prior to) the completion of the transaction resulting in the Change of Control if: (a) the required steps, as determined by the Board in its discretion, are not being taken in connection with such Change of Control to cause the conversion or exchange or replacement of any outstanding Rights into or for rights or other securities of substantially equivalent value (or greater value), as determined by the Board in its discretion, in any entity participating in or resulting from a Change of Control; or (b) the Corporation has entered into an agreement relating to a transaction which, if completed, would result in a Change of Control and the counterparty or counterparties to such agreement require that all outstanding Rights will be either (x) settled immediately before the effective time of such transaction, or (y) terminated on or after the effective time of such transaction.

Notwithstanding anything contained herein, in the event of any Change of Control prior to the Expiry Date of any outstanding Right and: (i) a Grantee is terminated without cause or other than for a material breach in connection with such Change of Control or within the six (6) months following such Change of Control, all Rights held by the Grantee shall vest on the date of such termination (the "**Termination Date**") and the Grantee shall be entitled to be paid the Vesting Date Value of such vested Rights on such Termination Date; or (ii) within six (6) months following a Change of Control, the Grantee voluntarily resigns for an event or events which constitute Good Reason, all Rights held by the Grantee shall vest on the date of such resignation (the "**Resignation Date**") and the Grantee shall be entitled to be paid the Vesting Date Value of such vested Rights on such Resignation Date.

18. Regulatory Authorities Approvals

The Plan shall be subject to the approval of the TSX, or any other Exchange on which the Common Shares are listed for trading. Any Rights granted prior to such approval and after listing on any such Exchange shall be conditional upon such approval being given and no such Rights may be settled unless such approval, if required, is given.

19. Governing Law

This Plan shall be governed by and construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein.

20. Independent Advice

Grantees are encouraged to seek tax and legal advice in respect of the grant and vesting of Rights.

This Plan shall be effective as of May 22, 2025.

SCHEDULE "B"

PEYTO EXPLORATION & DEVELOPMENT CORP.

MANDATE OF THE BOARD OF DIRECTORS

The Board of Directors (the "**Board**") of Peyto Exploration & Development Corp. (the "**Corporation**") is responsible for the stewardship of the Corporation. In discharging its responsibility, the Board will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances and will act honestly and in good faith with a view to the best interests of the Corporation. In general terms, the Board will:

- A. in consultation with the chief executive officer of the Corporation (the "**CEO**"), define the principal objective(s) of the Corporation;
- B. supervise the management of the business and affairs of the Corporation with the goal of achieving the Corporation's principal objective(s) as defined by the Board;
- C. discharge the duties imposed on the Board by applicable laws; and
- D. for the purpose of carrying out the foregoing responsibilities, take all such actions as the Board deems necessary or appropriate.

Without limiting the generality of the foregoing, the Board will perform the following duties:

Strategic Direction, Operating, Capital and Financial Plans

1. require the CEO to present annually to the Board a yearly business plan for the Corporation's business, which plans must:
 - (a) be designed to achieve the Corporation's principal objectives,
 - (b) identify the principal strategic and operational opportunities and risks of the Corporation's business, and
 - (c) be approved by the Board as a pre-condition to the implementation of such plans;
2. review progress towards the achievement of the goals established in the strategic, operating and capital plans;
3. identify the principal risks of the Corporation's business and take all reasonable steps to ensure the implementation of the appropriate systems to manage these risks;
4. approve the annual operating and capital plans, as may be amended from time to time;
5. approve issuances of additional common shares of the Corporation or other securities to the public;
6. monitor the Corporation's progress towards its goals, and to revise and alter its direction through management in light of changing circumstances;

Management and Organization

7. appoint the CEO and determine the terms of the CEO's employment with the Corporation;
8. in consultation with the CEO, develop a position description for the CEO;
9. evaluate the performance of the CEO at least annually;
10. in consultation with the CEO, establish the limits of management's authority and responsibility in conducting the Corporation's business;

11. in consultation with the CEO, appoint all officers of the Corporation and approve the terms of each officer's employment with the Corporation;
12. receive annually from the CEO the CEO's evaluation of the performance of each senior officer;
13. approve any proposed significant change in the management organization structure of the Corporation;
14. approve all retirement plans, if any, for officers and employees of the Corporation;
15. in consultation with the CEO, establish a communications/disclosure policy for the Corporation;
16. generally provide advice and guidance to management;

Finances and Controls

17. use reasonable efforts to ensure that the Corporation maintains appropriate systems to manage the risks of the Corporation's business;
18. monitor the appropriateness of the Corporation's capital structure;
19. ensure that the financial performance of the Corporation is properly reported to shareholders, other security holders and regulators on a timely and regular basis;
20. in consultation with the CEO, establish the ethical standards to be observed by all officers and employees of the Corporation and use reasonable efforts to ensure that a process is in place to monitor compliance with those standards;
21. require that the CEO institute and monitor processes and systems designed to ensure compliance with applicable laws by the Corporation and its officers and employees;
22. require that the CEO institute, and maintain the integrity of, internal control and information systems, including maintenance of all required records and documentation;
23. review insurance coverage of significant business risks and uncertainties;
24. review and approve the Corporation's hedging program;
25. review and approve material contracts to be entered into by the Corporation;
26. recommend to the shareholders of the Corporation a firm of chartered accountants to be appointed as the Corporation's auditors;
27. review dividend levels, based on information from and consultation with management;
28. approve all changes to dividend levels;
29. take all necessary actions to gain reasonable assurance that all financial information made public by the Corporation (including the Corporation's annual and quarterly financial statements) is accurate and complete and represents fairly the Corporation's financial position and performance;

Governance

30. in consultation with the Chairman of the Board, develop a position description for the Chairman of the Board;
31. facilitate the continuity, effectiveness and independence of the Board by, amongst other things,
 - (a) selecting nominees for election to the Board,

- (b) appointing a Chairman of the Board who is not a member of management,
 - (c) appointing from amongst the directors an audit committee and such other committees of the Board as the Board deems appropriate,
 - (d) defining the mandate of each committee of the Board,
 - (e) ensuring that processes are in place and are utilized to assess the size of the Board, the effectiveness of the Chairman of the Board, the Board as a whole, each committee of the Board and each director,
 - (f) review the orientation and education program for new members to the Board to ensure that it is adequate and effective, and
 - (g) establishing a system to enable any director to engage an outside adviser at the expense of the Corporation;
32. review annually the adequacy and form of the compensation of directors.

Delegation

The Board shall determine the composition of all committees and ensure that such composition is in compliance with all applicable laws.

The Board may delegate its duties to and receive reports and recommendations from any committee of the Board.

Meetings

- 33. the Board shall meet at least four times per year and/or as deemed appropriate by the Board Chair;
- 34. minutes of each meeting shall be prepared;
- 35. the CEO or their designate(s) may be present at all meetings of the Board;
- 36. Vice Presidents and such other staff as appropriate to provide information to the Board shall attend meetings at the invitation of the Board.
